Aquaglide wants to thank Mick Neville and his team at Blibli Watersports Complex for all their support.

ADVENTURE IS CALLING

With over 30 years of water sports experience, Aquaglide prides itself on being an innovator and pioneer of quality inflatable water play products.

Aquaglide systems can be built into extendable, predetermined parks or something unique to your needs. Modular pieces can be assembled into various waterpark configurations or as standalone play products.

All pieces are intended for long-term and heavy-duty use; built tough to meet the heavy demands of camp, resort and commercial use, yet also suitable for residential purposes. Aquaglide designs are carefully vetted and constantly refined based on years of feedback from our global network. Each product is engineered to meet the highest standards in quality and product safety, but no product is complete without extensive on-water testing to confirm that it provides, among other things, maximum fun.

Designed in the Pacific Northwest of the United States and tested globally, we are certain that the following pages hold your next adventure.

AG Aquaglide

WHAT MAKES AQUAGLIDE THE BEST

Aquapark selection is a big decision. Here are some important points to consider before making your choice.

SUPERIOR DESIGN AND INNOVATION SETS US APART

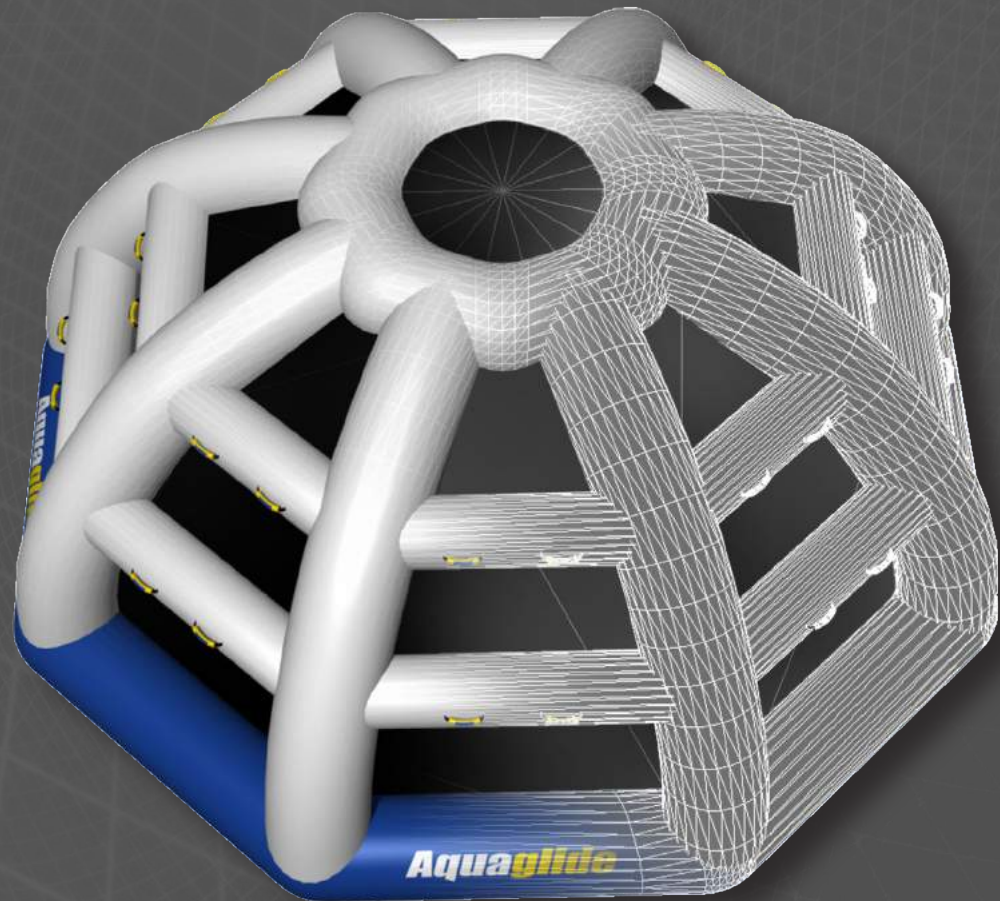

Before Aquaglide, there were no Aquaparks, only water trampolines with limited accessories. To change this, our design team developed the first in water connection system that allowed several pieces to be securely connected together with ease. We called it the Interloc System. Aquaglide also developed the Runway, the first walking platform that integrated seamlessly with our Interloc System and this quickly became an integral part of the basic Aquapark design we still use today. Innovations found in our products such as the Jungle Joe and Summit, which featured the first tubular climbing system and the first giant climbing structure and slide respectively are still in our lineup. Our passion for inflatable technology pushes us to constantly adapt and push the boundaries of what is possible.

INSPIRE CREATIVE FREE PLAY

Aquaglide products are designed to inspire creative free play. Participants entertain themselves, so less staff is required to constantly oversee organized games and activities. As you look through this catalog you will clearly see that, for us, the fun begins with innovations in product design. Our incentive for creating better solutions is the inspiring feedback we receive from valued customers, like you, who use and appreciate our products every day.

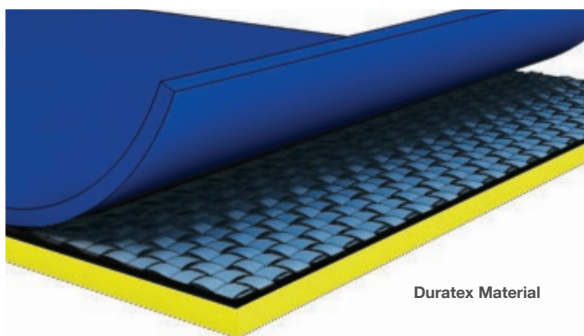

SUPERIOR VALUE

When considering Aquaparks, it is important to analyze how much your investment will cost over a 3 to 5-year period, not just the initial cost. Sure, you can find cheaper alternatives with copies of some of our items, but most are likely to last less than one season. An Aquaglide park will outlast any copycat brand 3 to 1. That means three times the lifespan, and a larger and faster ROI. Less problems, less repairs, less PVC in the landfill, and less hassle. That is what you get when you choose Aquaglide.

SUPERIOR MATERIALS

Duratex™ is the best quality material for commercial Aquaparks, period. Aquaglide is the only brand that works with a materials factory to develop our own exclusive formula. Our fabric reinforced PVC has better elasticity and superior adhesion which insures the best quality construction and reliability. Aquaglide is also the only brand to integrate technologically advanced HP technology material with high-pressure capability in areas where extreme durability is required.

Duratex Material

HP Technology

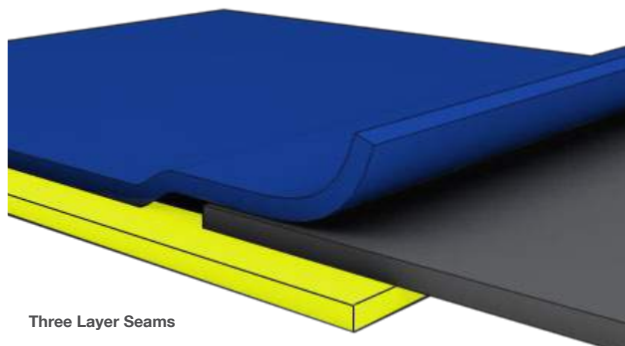

SUPERIOR SERVICE

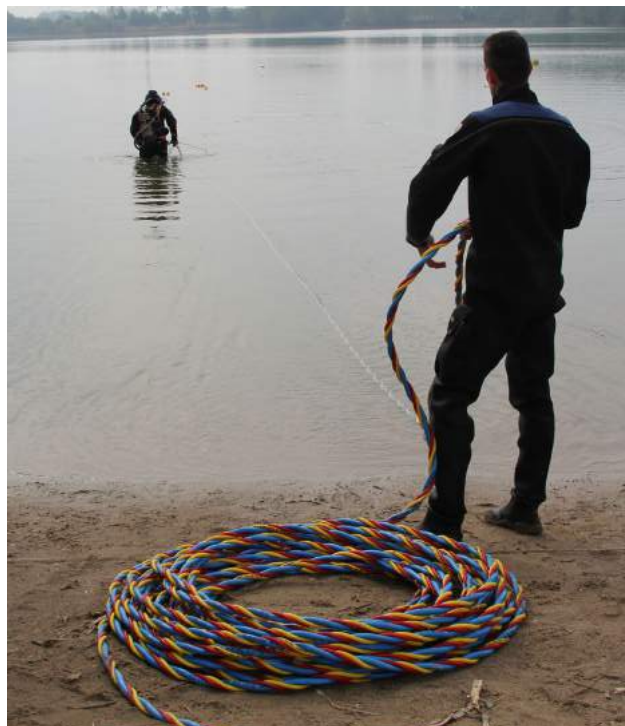

Aquaglide Service centers around the world offer a full range of support including help with permitting, installation, business planning, custom design services, and maintenance. We continuously strive to provide the highest possible level of service and support to our customers. In every region around the globe, Aquaglide people are generally the ones with the most knowledge and experience in serving the needs of the most discerning camps, resorts and residential customers. If you want the best, choose to work with the best.

SUPERIOR CONSTRUCTION

Seams are generally the weak point in construction. That's why Aquaglide seams are double-welded with three layers of reinforcement for maximum strength. Our handles, D-rings and Anchor plates are also welded for maximum strength, not glued. All metal parts are made using #316 marine-grade Stainless Steel. Aquaglide construction is vastly superior to other options.

Three Layer Seams

3-YEAR WARRANTY

We stand behind our products, guaranteed. Aquaglide products are not only better built, they are also backed by a 3-year limited warranty against any defect in material or workmanship. Do the research, you cannot find better products or better support.

THIRD-PARTY CERTIFICATION

Each and every Aquaglide product is submitted to extensive lab and field-testing to ensure that it meets and exceeds the most rigorous product safety standards on the planet. Our products are third-party certified compliant with CPSIA and EN 15649, the highest possible standards in the business. We strongly encourage customers to ask for proof of compliance when considering any supplier.

TRUST

At Aquaglide we don't just build products, we build trust. This is a process that can only be done by forging long-term partnerships with people; in this case everyone from manufacturing suppliers to the end consumer. When you make the decision to purchase an Aquaglide product you can trust that you will receive a safe, high quality product and the highest level of service available, guaranteed.

THE AQUAPARK ADVANTAGE

Aquaglide components have always been designed to easily interconnect. As the inventors of the modular Aquapark system, any of our items have been able to connect using our exclusive Vario-Lock™ cinch strap system with our Runways and Swimsteps.

New for 2017, we are excited to introduce a connection system that will once again prove to be a game changer for our industry. The all-new Patent Pending Universal™ Connection System allows unlimited park designs. This octagon shaped platform allows our Runway and Swimstep connections to connect to all 8 sides at once offering multiple angles and unlimited possibilities for Aquapark design. The Universal can be used as a hub, a corner or anything in between. Park layouts can be changed quickly and easily which allows your Aquapark to evolve, so adding new exciting components are easy. With our system, you are able to start with our smallest Aquapark layout, and then use all the existing components as your Aquapark grows larger.

Our low profile Runway and Swimstep designs are much easier to board from the water than an i-beam product and far less likely to result in loss of balance.

Understand that not all Aquaparks are created equal. Aquaglide Aquaparks are well-renowned for a jaw-dropping “wow-factor” inspired by our giant Signature items, as well as for a unique “playability” that keep participants engaged for hours without the need for formally organized activities.

1

HIGH PRESSURE TECHNOLOGY (HP)

Aquaglide is the only brand to integrate technologically advanced HP Technology material in Runways™ and Swimstep™ platforms.

Our exclusive HP construction utilizes high quality dropstitch material that can withstand an internal pressure of up to 20 psi (1,4 bar) without damage. This is 10 times the design working pressure! Here we use the HP material at a very acceptable 2 psi (0,14 bar), keeping it so far below its break strength that durability is never an issue. This simply cannot be said for even the best I-Beam walkway.

Make no mistake, these products are subject to extreme abuse from toes, heels, knees & elbows. They also take the worst of daily pressure extremes due to thermal expansion from the sun.

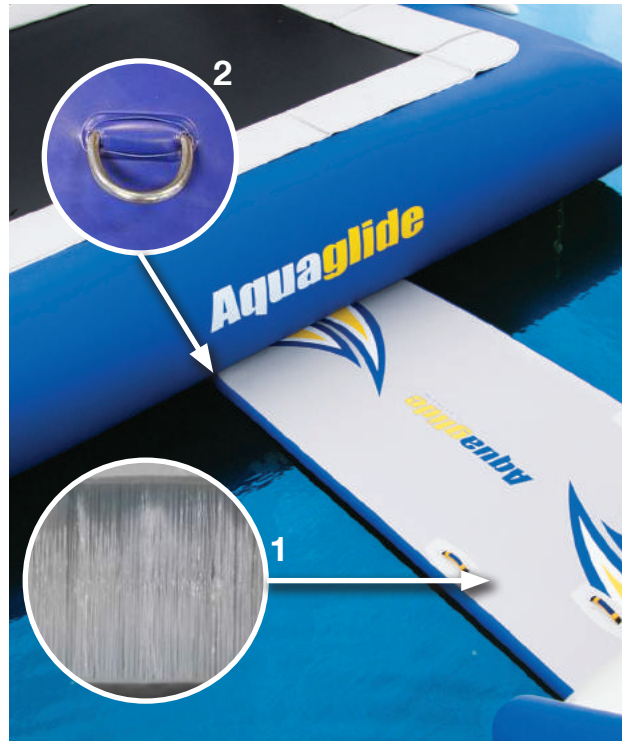

The other advantage of HB material is that it offers a smooth, flat, low-profile platform that is much easier to board from the water than an I-Beam product, and far less likely to result in loss of balance. This allows easy access to the park from almost any location.

2

CONNECTIONS ARE OUR STRENGTH

Strong, simple connections between products are crucial to the safe operation of any aquapark. Our unique Vario-Lock™ cinch strap system sets the standard for safe, durable Aquapark connections and can be found on virtually every Aquaglide product. Each Vario-Lock™ cinch strap connects to heavily-reinforced, marine-grade stainless rings mounted on permanent weld plates.

Vario-Lock cinch strap

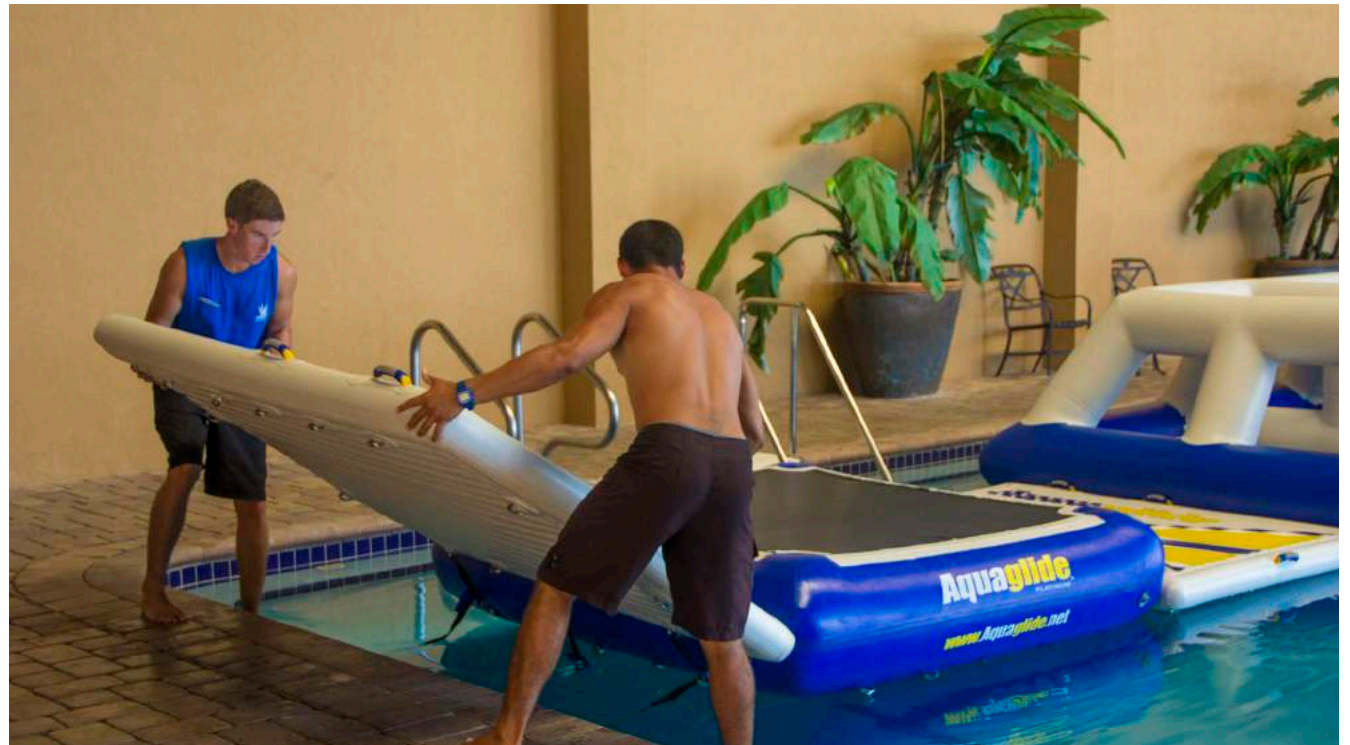

SERVICE AND SUPPORT

SUPERIOR SERVICE AND SUPPORT

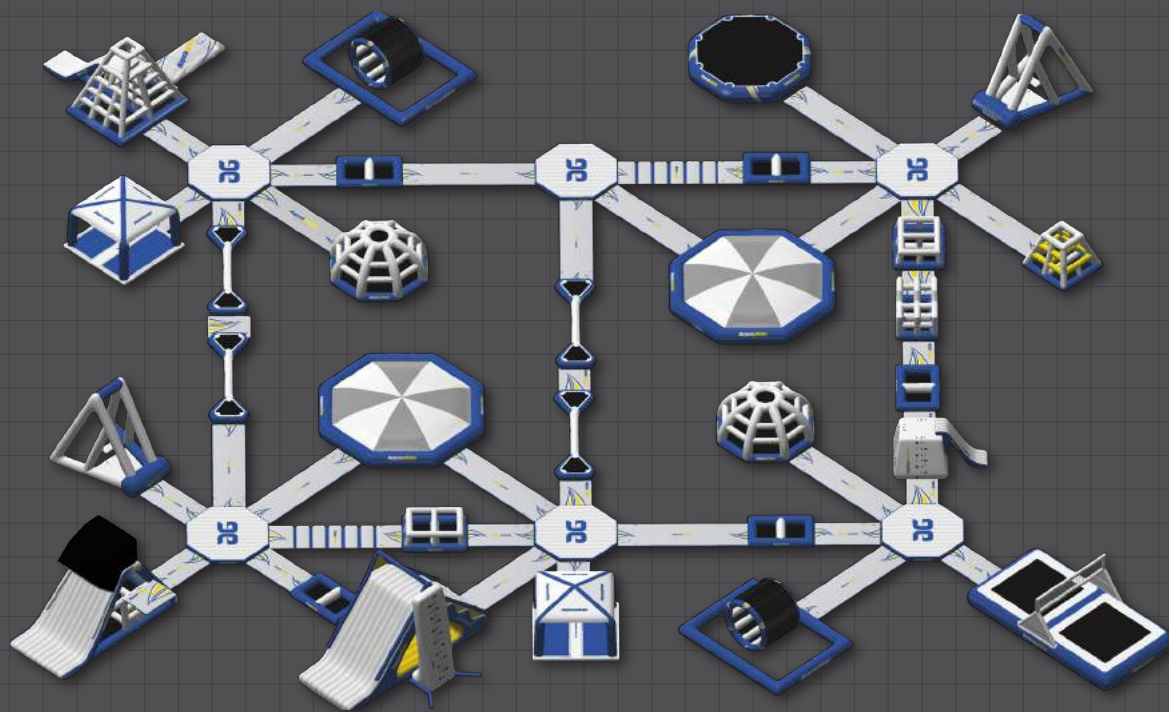

We understand that the needs of resort, camp and commercial customers, can be quite complex. Aquaglide Service centers and distributors around the world offer a full range of support including help with permitting, installation, business planning, custom design services, and maintenance.

With your Aquapark purchase comes training and complete advice on Aquapark mooring, staffing and maintenance, as well as official certificates, if needed, to certify your Aquapark compliance. Onsite installation and detailed staff training is also available upon request. We continuously strive to provide the highest possible level of service and support to our customers.

AQUAPARK COLLECTION

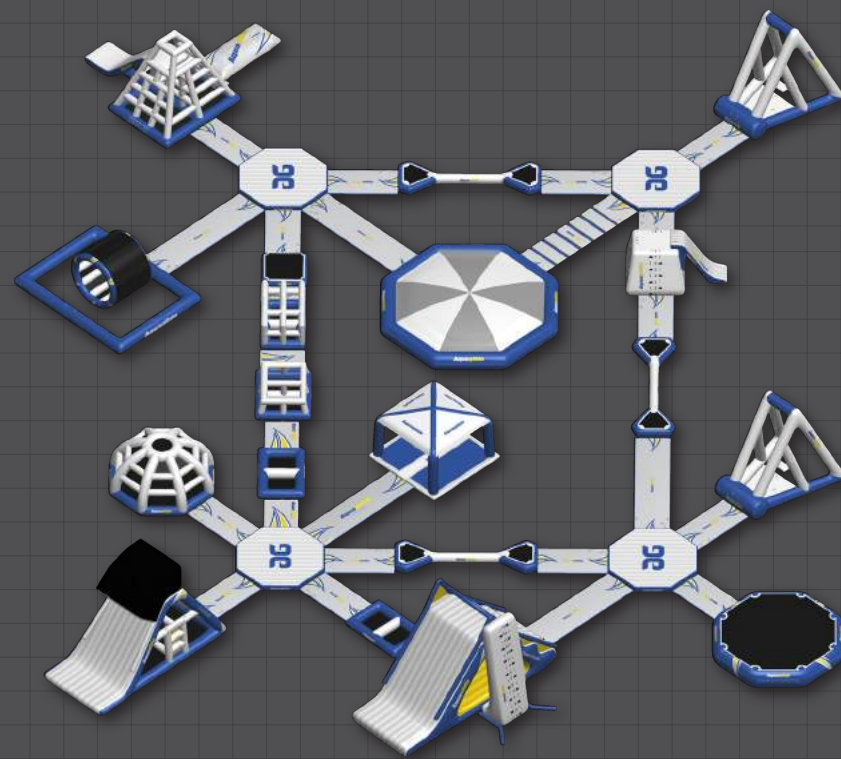

AQUAPARK 200

Overall Dimensions:
L 161' x W 175' (L 49m x W 53m)
Capacity: 200 Users
Minimum Water Depth: 8'10 (2,7m)

AQUAPARK 150

Overall Dimensions:
L 116' x W 152' (L 35m x W 46m)
Capacity: 150 Users
Minimum Water Depth: 8'10 (2,7m)

After years of producing the worlds best inflatable parks, we know what works. Shown here are six of our most successful configurations that are designed to fit the needs of most operators. However, if you have unique needs and a particular vision of what your park should be, Aquaglide can create a custom design. We are prepared to guide you through the process of designing a custom Aquapark solution. From site planning and permitting to building a business plan that maximizes your ROI, contact us to design the perfect Aquapark.

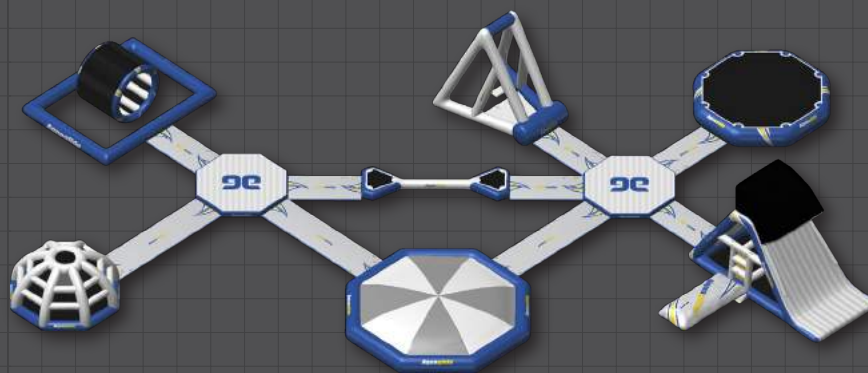

AQUAPARK 100

Overall Dimensions:
L 117' x W 150' (L 46m x W 34m)
Capacity: 100 Users
Minimum Water Depth: 8'10 (2,7m)

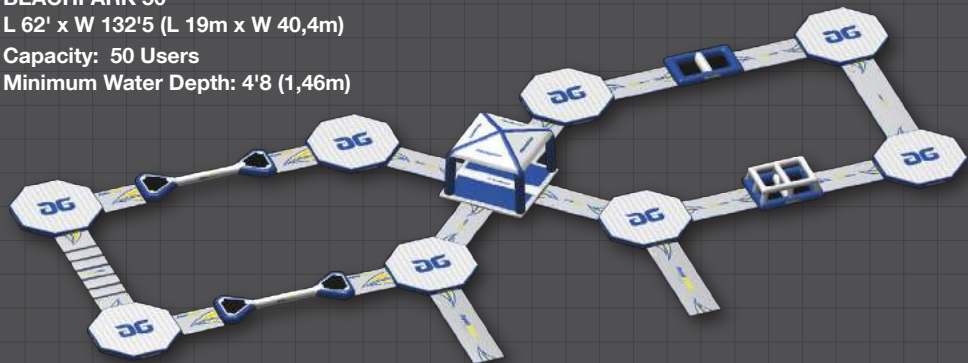

AQUAPARK 75

Overall Dimensions:
L 69' x W 118' (L 21m x W 36m)
Capacity: 75 Users
Minimum Water Depth: 8'10 (2,7m)

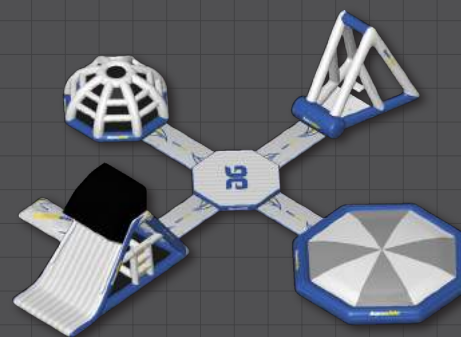

BEACHPARK 50

L 62' x W 132'5 (L 19m x W 40,4m)
Capacity: 50 Users
Minimum Water Depth: 4'8 (1,46m)

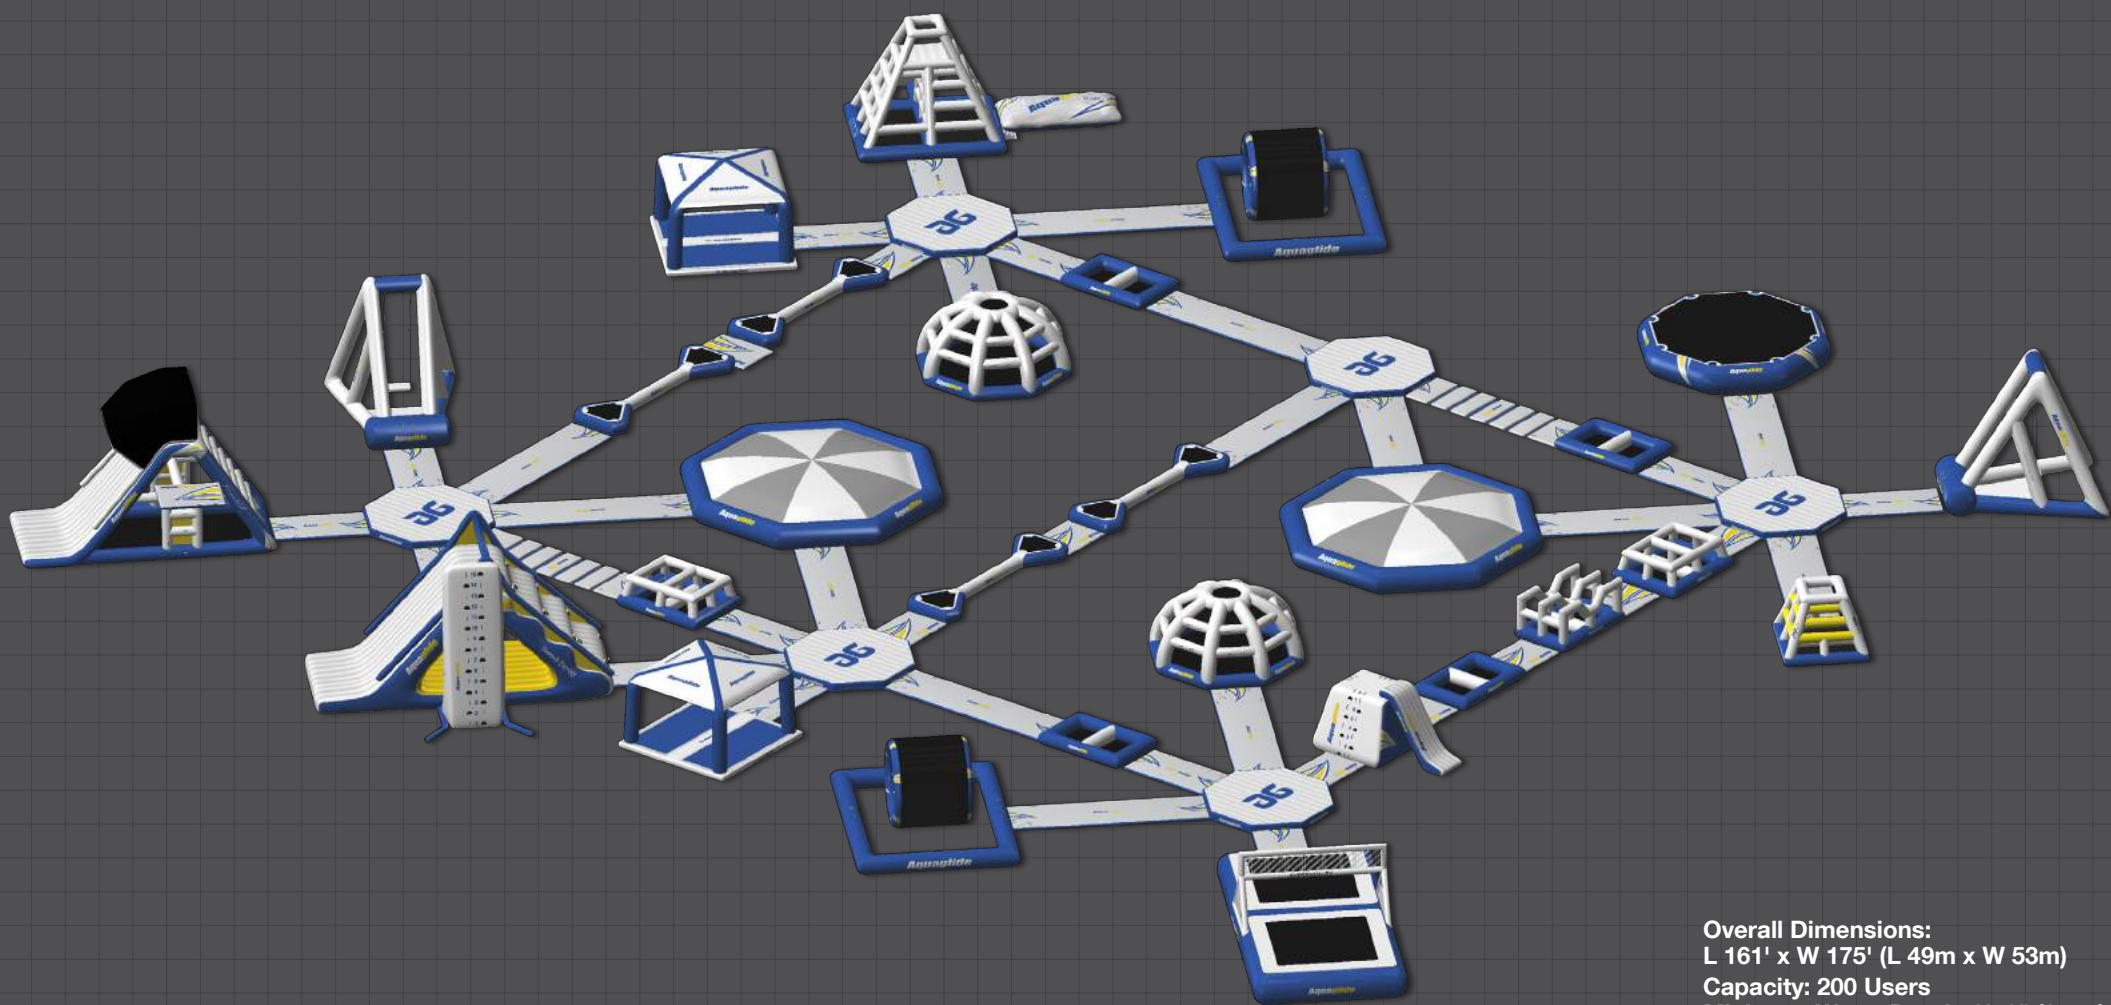

AQUAPARK 50

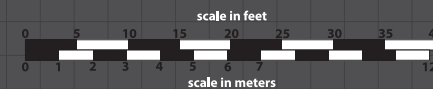

Overall Dimensions:
L 65' x W 20' (L 18m x W 20m)
Capacity: 50 Users
Minimum Water Depth: 8'10 (2,7m)

AQUAPARK 200

Overall Dimensions:
L 161' x W 175' (L 49m x W 53m)
Capacity: 200 Users
Minimum Water Depth: 8'10" (2,7m)

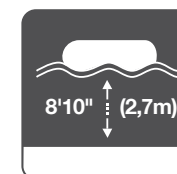

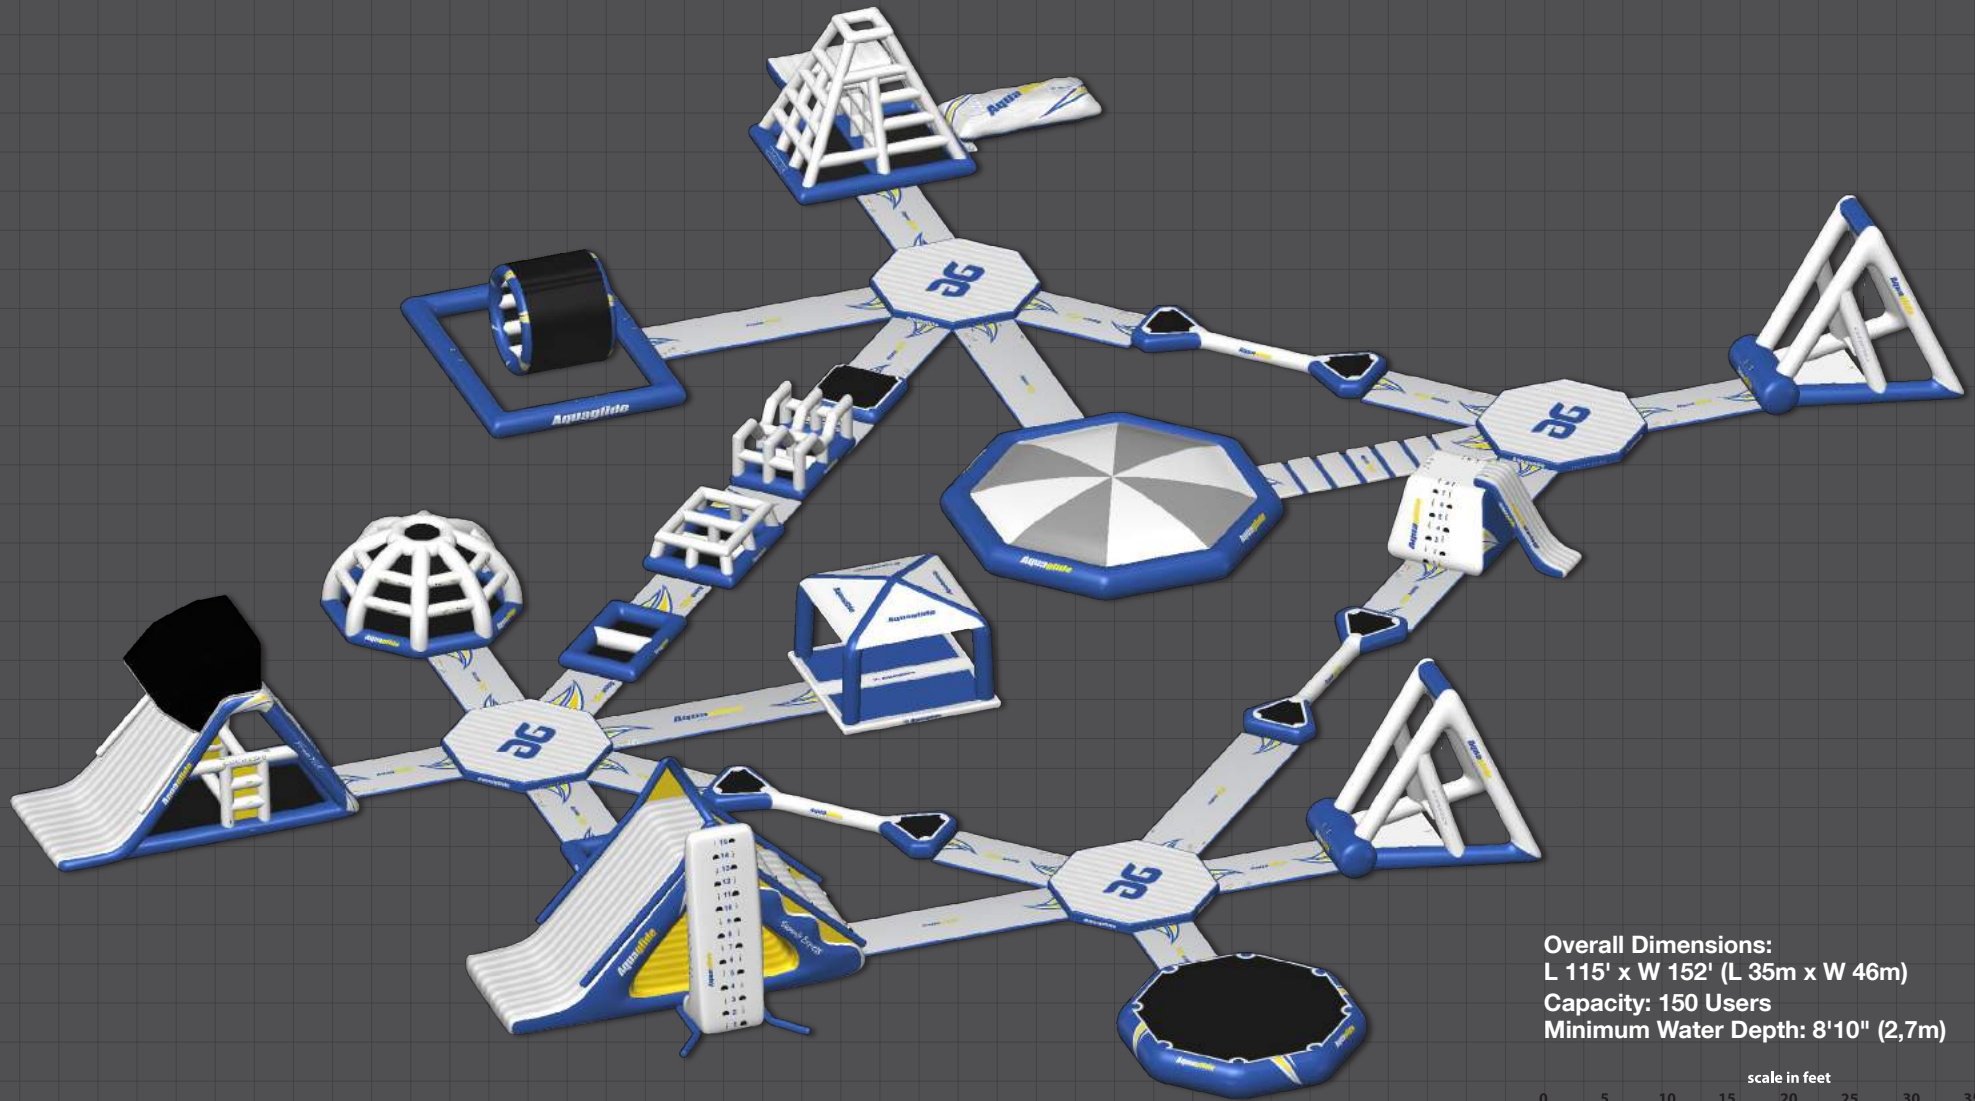

The Aquapark 200 is our flagship park that has it all. It includes six Universal hubs that enable eleven different routes and activity zones.

AQUAPARK 100

Overall Dimensions:
L 117' x W 150' (L 46m x W 34m)
Capacity: 90 Users
Minimum Water Depth: 8'10" (2,7m)

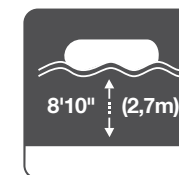

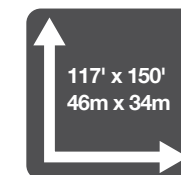

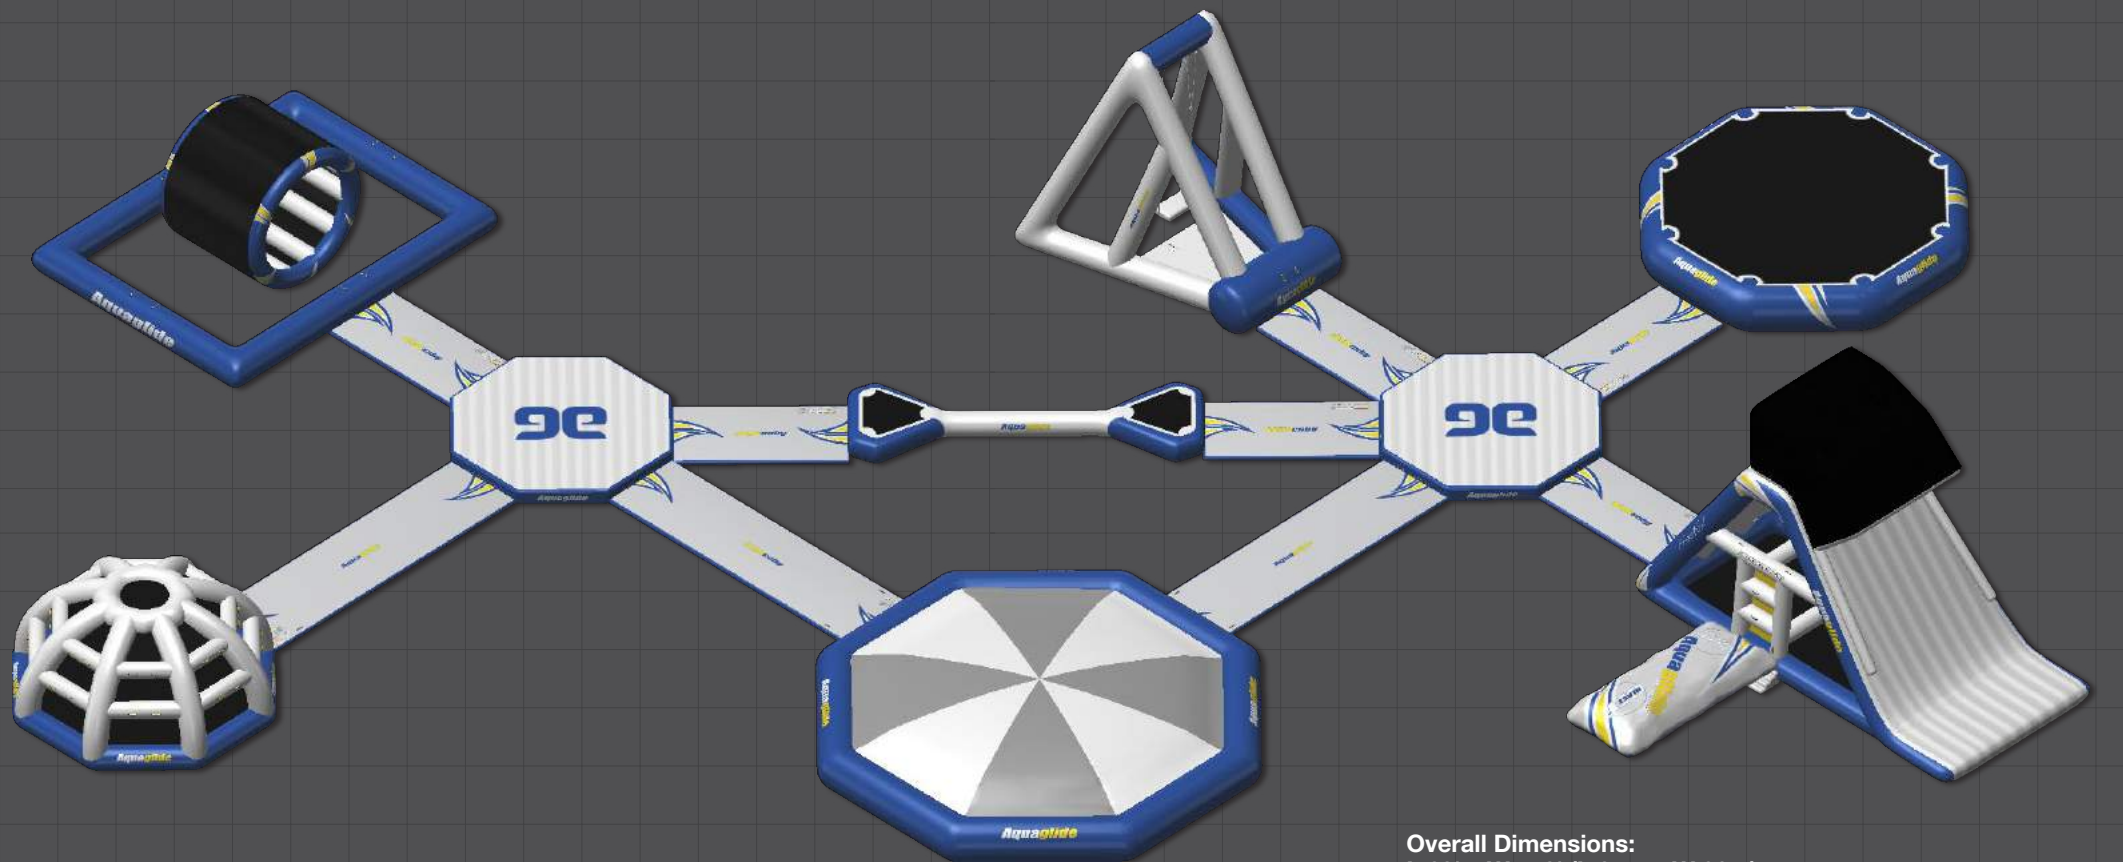

The Aquapark 100 is a great value and features 4 Universal hubs that enable seven different routes and activity zones.

Featured Items

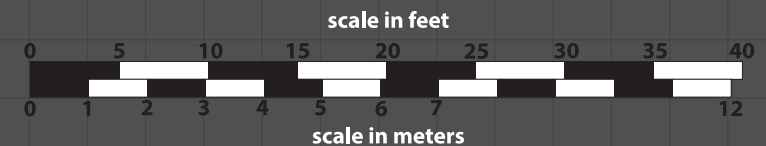

- Summit Express (1)
- Kaos (1)
- Catapult (1)
- Blast Bag (1)
- Foxtrot (2)
- King of the Mountain (1)
- Landing Pad (1)
- Event Tent (1)

- Vista (1)
- Tango (1)
- Cyclone (1)

AQUAPARK 75

Overall Dimensions:
L 69' x W 118' (L 21m x W 36m)
Capacity: 75 Users
Minimum Water Depth: 8'10" (2,7m)

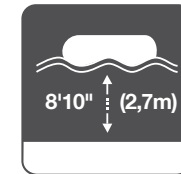

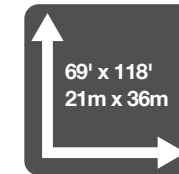

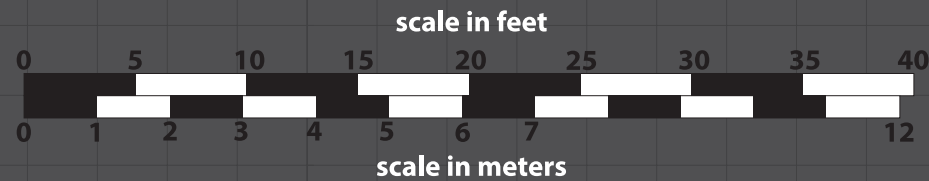

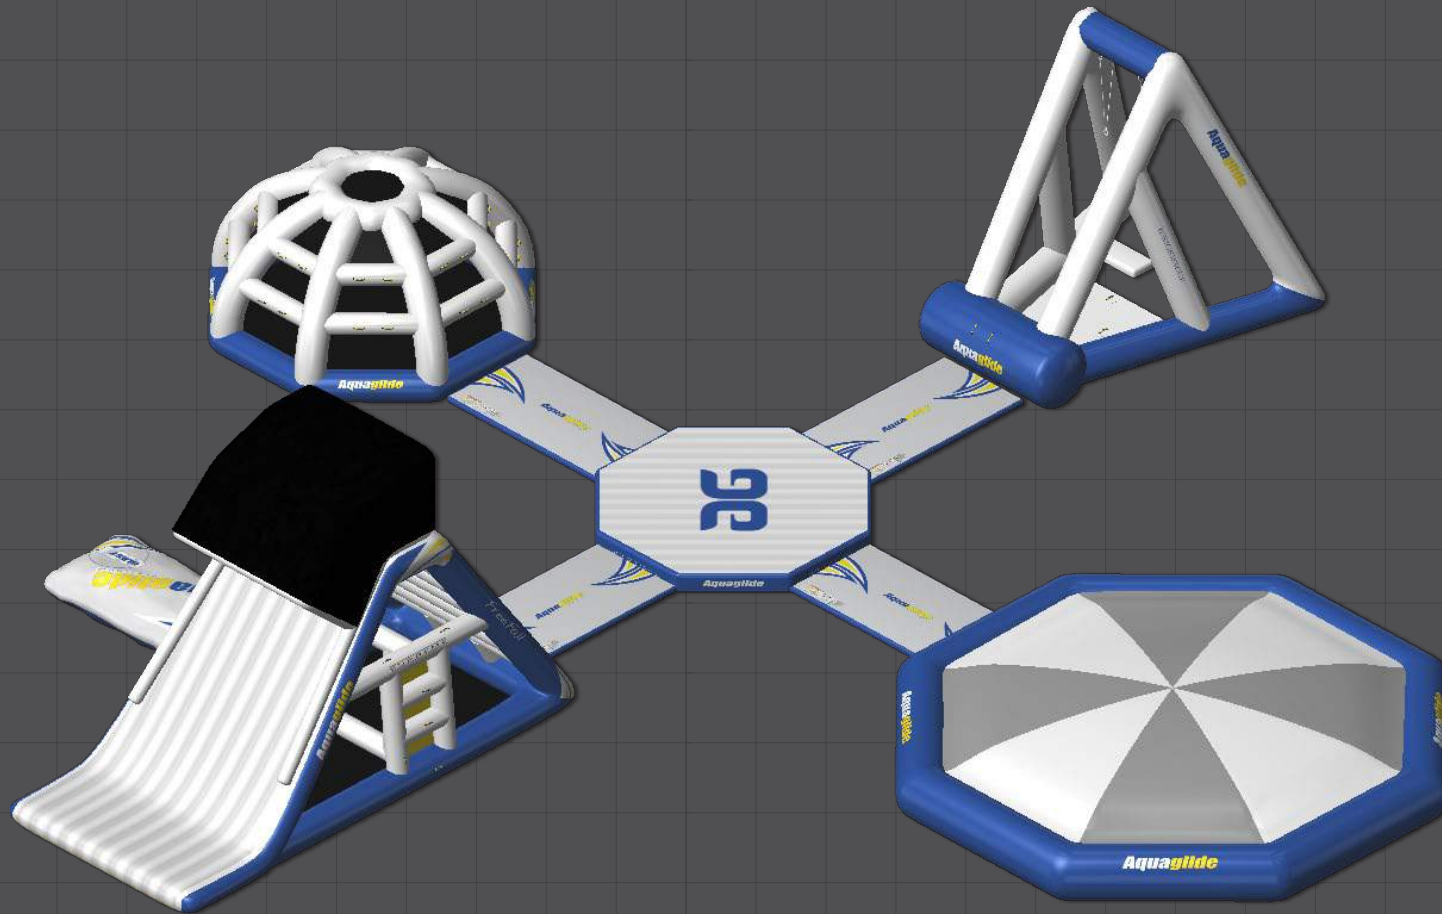

The Aquapark 75 is for smaller venues and features 2 Universal hubs that enable 3 different routes and activity zones.

Featured Items

- Freefall Supreme (1)
- Kaos (1)
- Catapult (1)
- Blast Bag (1)
- Foxtrot (1)
- Cyclone (1)
- Rebound 20 (1)
- Vertigo (1)
- Runway 10 (6)
- Runway 20 (3)
- Universal (2)

AQUAPARK 50

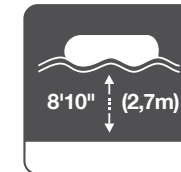

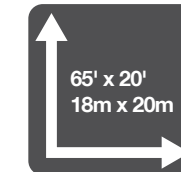

Overall Dimensions:
L 65' x W 20' (L 18m x W 20m)
Capacity: 50 Users
Minimum Water Depth: 8'10 (2,7m)

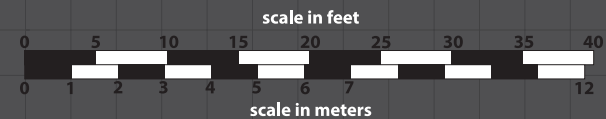

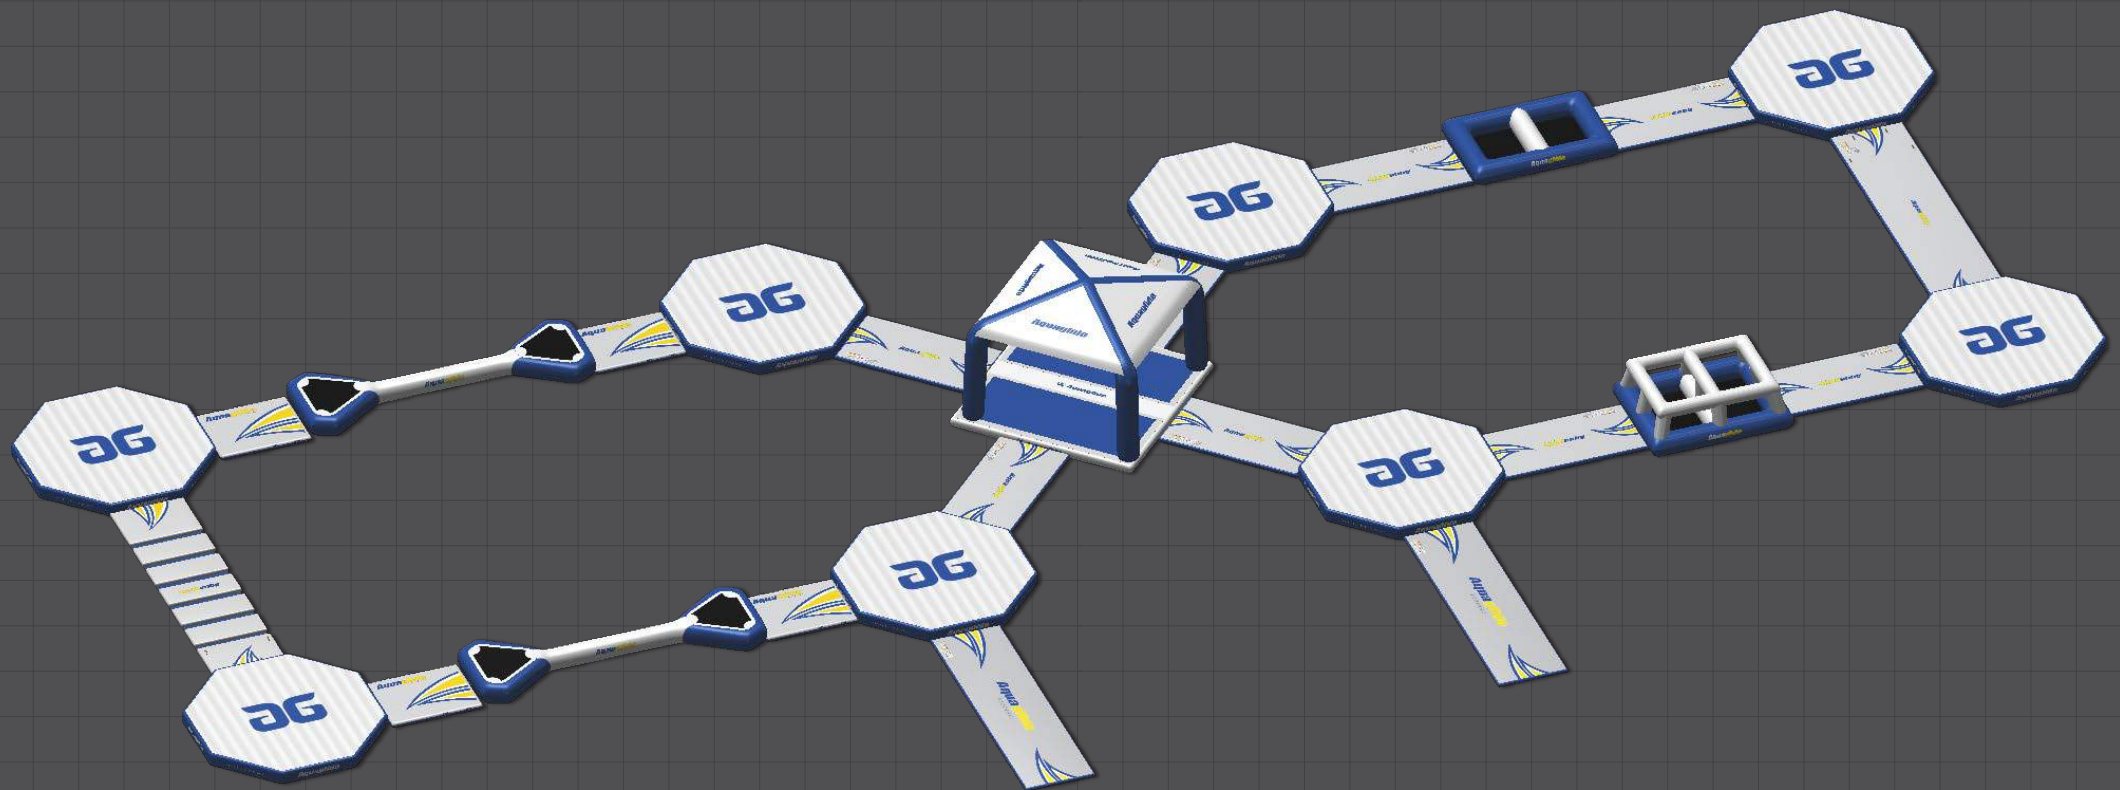

The Aquapark 50 is our most compact design and features one Universal that enables 4 activity zones.

Featured Items

- Freefall Supreme (1)
- Kaos (1)
- Catapult (1)
- Blast Bag (1)
- Vertigo (1)
- Runway 10 (4)
- Universal (1)

BEACHPARK 50

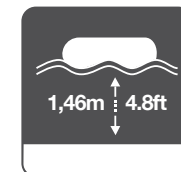

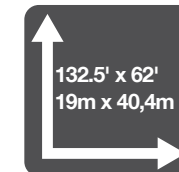

Overall Dimensions:
L 62' x W 132.5' (L 19m x W 40,4m)
Capacity: 50 Users
Minimum Water Depth: 4'8 (1,46m)

The Beachpark 50 is designed for areas with limited depth of water, and allows easy access to all of it's features. The proximity to shore allows for parental supervision and spectating. The Event Tent center point enhances lifeguard supervision and provides shade.

Featured Items

- Universal (8)
- Landing Pad (1)
- Sierra (1)
- Delta (1)
- Foxtrot (2)
- Event Tent
- Walk on Water (1)
- Runway 10 (8)
- Runway 20 (1)
- Swimstep XL (4)
- Splashmat (2)

ADVENTURE SERIES

Our Adventure Series is a group of challenge course products for pool and waterfront use where minimum water depth is a challenge.

Depth-Profiled

We understand that minimum water depth requirements are the single most limiting factor when considering any water element. Many pools and waterfronts simply don't have the water depth to support our larger items. That's why we made sure that every item in the Adventure Series offers maximum fun regardless of its size. It's also why we present a depth profile for each package we offer.

Creative Free Play

One aspect that sets all Aquaglide products apart is that they are designed to inspire creative free play. This means that participants can entertain themselves, so less staff is required to oversee games and activities. This element is clearly apparent in the Adventure Series, where each item has multiple functions and play-ways.

Easy Entry

The ultra-low profile Swimstep XL is one of the most important aspects of the Adventure Series because it allows for easy boarding from the water, not just at the 'start', but also at any station throughout the course. This allows participants to re-board safely and focus on a specific challenge.

Modular

Each Adventure Series item is designed to interconnect using the Vario-Lock cinch strap system, so the challenge course or Aquapark possibilities are limited only by your imagination. Vario-Lock cinch strap system is used on all Aquaglide products so Adventure Series items are easily combined with larger items from our Commercial Range, and vice versa.

Quick

We understand that time comes at a premium. That's why we engineered the simplest, safest and fastest way to set and remove Adventure Series items. Each individual item includes Vario-Lock™ cinch straps for making setup and tear-down a breeze. No fussing with worn out Velcro™! In addition, nearly every item has convenient carry handles for quick, easy handling on the beach or pool deck. Taller items are designed with multiple chambers so sets can be partially deflated and easily stacked making setup and teardown quick.

SIERRA™

Specifications: L 10' x W 8' x H 3.5'
(L 3m x W 2,4m x H 1,1m)
Min Depth: 5' (1,5m) **Capacity:** 4 users - 1000 lbs. / 454 kg
Item: 58-5213130
Box Dimensions: L 34" x W 30" x H 10", 84 lb. 1pc.
(L 86cm x W 76cm x H 25cm, 38 kg)

TANGO™

Specifications: L 6.6' x W 6.6' x H 1.5'
(L 2m x W 2m x H 0,5m)
Min Depth: 4' (1,20 m) **Capacity:** 3 users - 400 lbs. / 181 kg
Item: 58-5213140
Box Dimensions: L 30"x W 22" x H 12", 36 lbs. 1pc
(L 76cm x W 56cm x H 30cm, 16 kg)

DELTA™

Specifications: L 10' x W 6.75' x H 1.5'
(L 3,1m x W 2m x H 0,5m)
Min Depth: 4' (1,20 m) **Capacity:** 4 users - 600 lbs. / 272 kg
Item: 58-5213110
Box Dimensions: L 30" x W 22" x H 10", 53 lbs. 1pc.
(L 76cm x W 56cm x H 25cm, 24 kg)

FOXTROT™

Specifications: L 20' x W 6.5' x H 1.5'
(L 6m x W 2m x H 0,5m)
Min Depth: 4' (1,20m) **Capacity:** 4 users - 800 lbs. / 363 kg
Item: 58-5213120
Box Dimensions: L 30" x W 22" x H 14", 57 lbs. 1pc.
(L 76cm x W 56cm x H 36cm, 26 kg)

ZULU™

Specifications: L 10.75' x W 6.5' x H 5.25'
(L 3,3m x W 2m x H 1,6m)
Min Depth: 5.7' (1,73m) **Capacity:** 2 users - 250 lb / 114 kg
Item: 58-5213160
Box Dimensions: L 30" x W 22" x H 14", 74 lbs. 1pc.
(L 76cm x W 56cm x H 36cm, 34 kg)

VISTA™

Specifications: L 10' x W 6.5' x H 5'
(L 3m x W 2m x H 1,5m)
Min Depth: 5.4' (1,6m) **Capacity:** 4 users - 1000 lbs. / 454 kg
Item: 58-5213150
Box Dimensions: L 34" x W 30" x H 14", 108 lbs. 1pc.
(L 87cm x W 75cm x H 36cm, 49 kg)

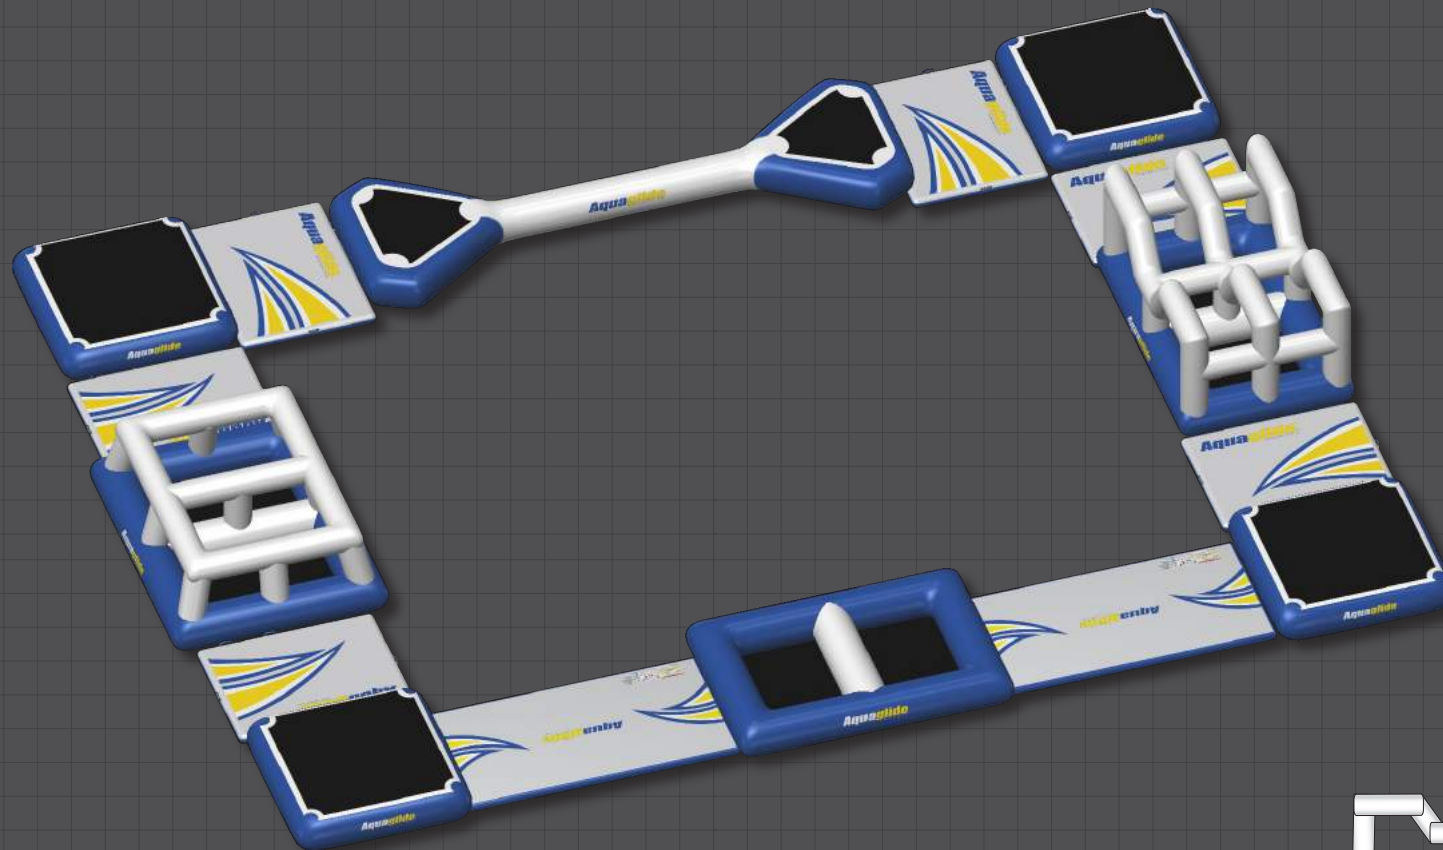

SWIMSTEP XL

Specifications: L 5' x W 6.5' x H .04'
(L 1,5m x W 2m x H 0,1m)
Min Depth: 4' (1,20m) **Capacity:** 3 users - 400 lbs. / 181 kg
Item: 58-5213100
Box Dimensions: L 23" x W 17" x H 6", 31 lbs. 1pc.
(L 58cm x W 43cm x H 15cm, 14 kg)

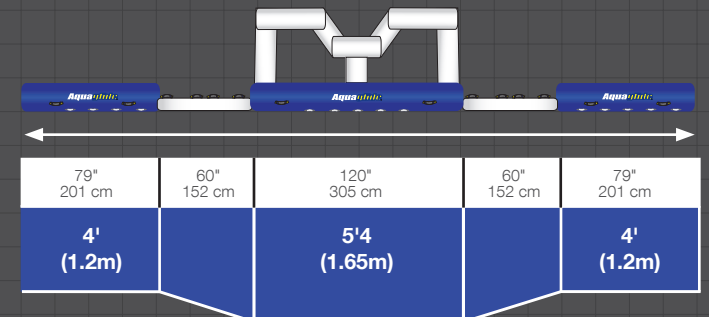

RUNWAY™ 10

Specifications: L 10' x W 5' x H 0.3'
(L 3m x W 1,5m x H 0,1m)
Min Depth: 4' (1,20 m) **Capacity:** 6 users - 1000 lbs. / 454 kg
Item: 58-5210004
Box Dimensions: L 23" x W 17" x H 7", 39 lbs. 1pc.
(L 58cm x W 43cm x H 18cm, 18 kg)

CHALLENGE CIRCUIT 1

42' x 32'
12,8m x 9,8m

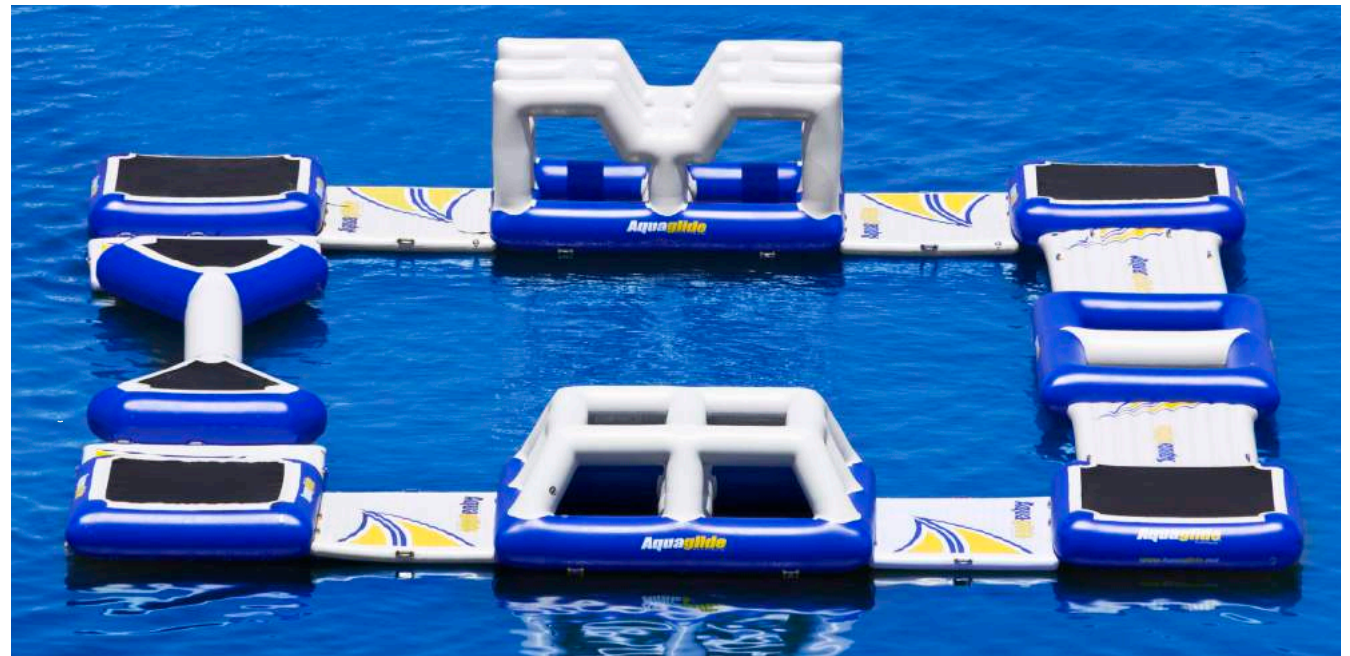

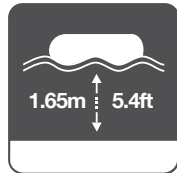

A great circuit that offers incredible capacity for places where ample space is available but water depth is a factor.

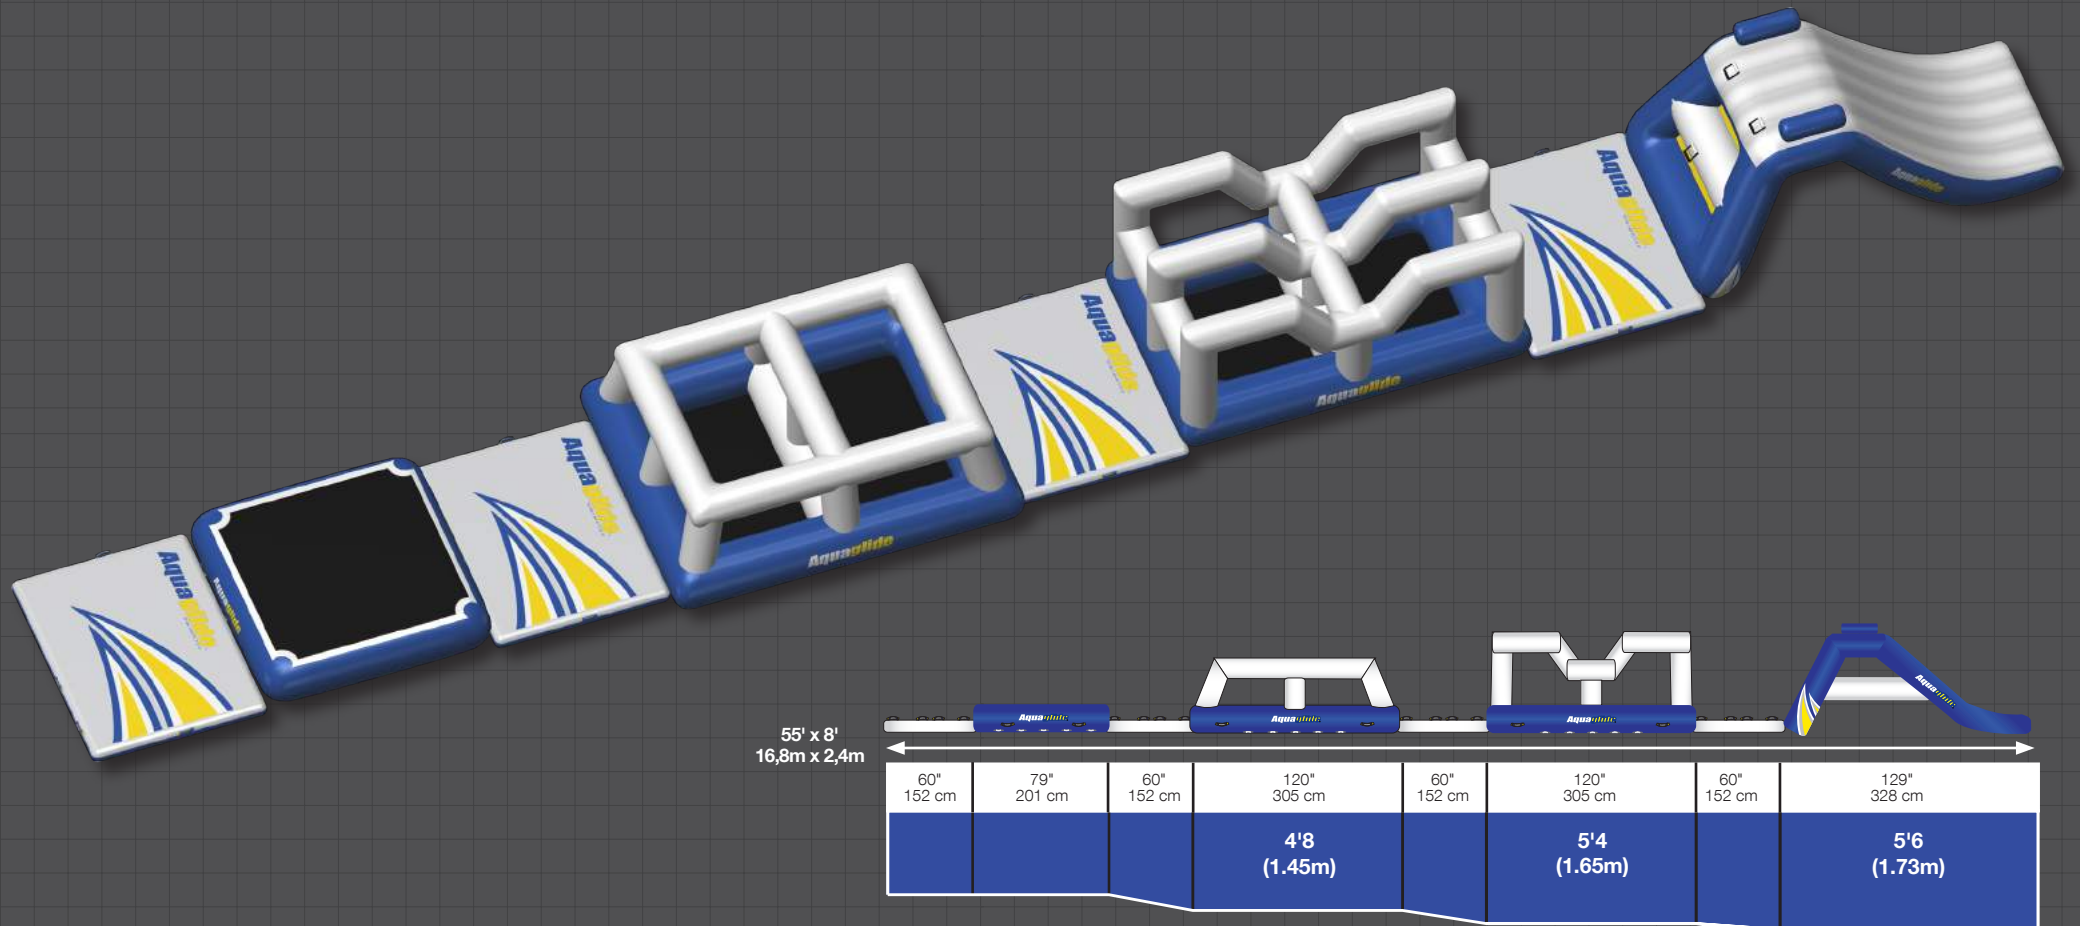

Item: 58-5213230

Featured Items

- Delta (1)
- Foxtrot (1)
- Runway 10 (2)
- Tango (4)
- Sierra (1)
- Swimstep XL (6)
- Vista (1)

CHALLENGE TRACK I

A varied track with a progressive depth profile perfectly suited for the Short Course pool format.

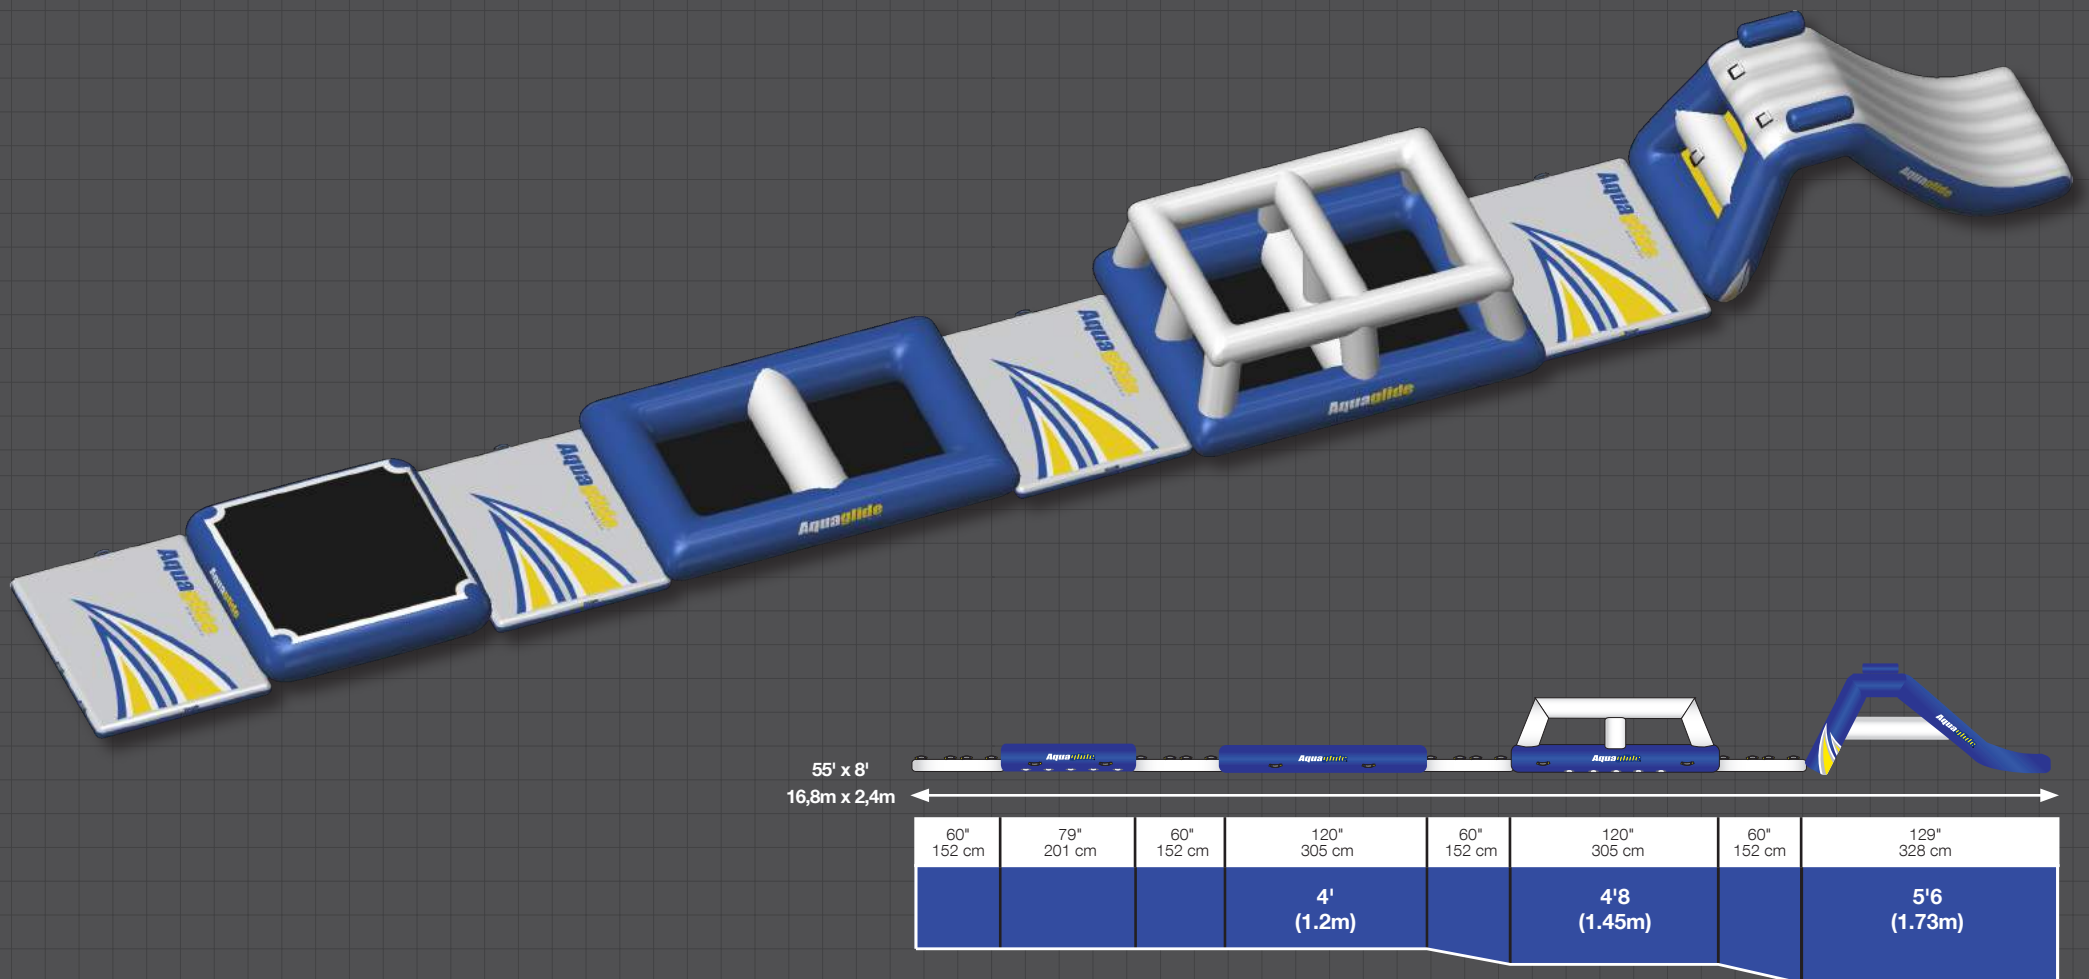

Item: 58-5213200

Featured Items

- Sierra (1)
- Vista (1)
- Swimstep XL (4)
- Zulu (1)
- Tango (1)

CHALLENGE TRACK 2

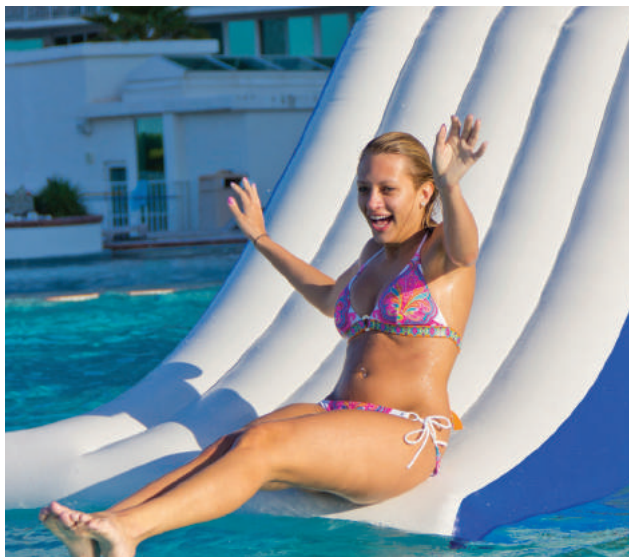

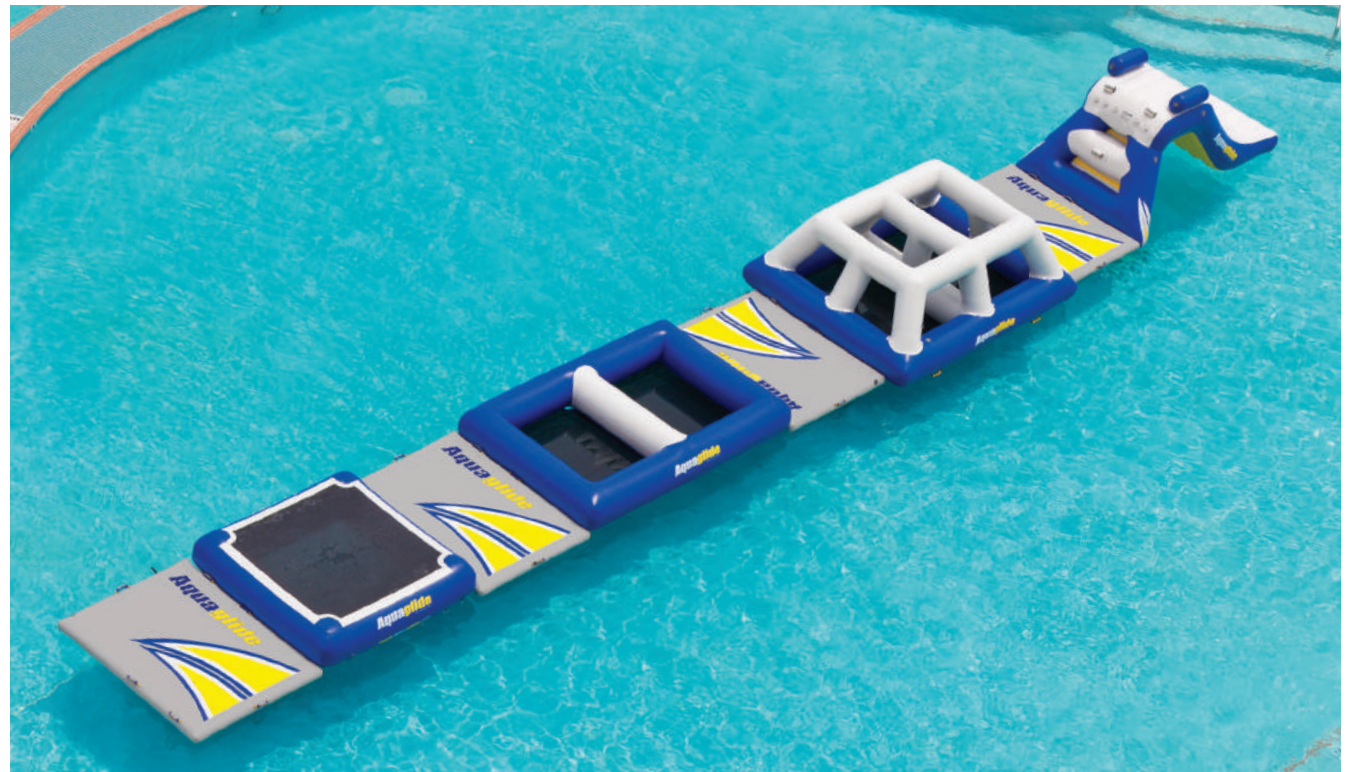

A twist on the original, this track features a shallower depth profile.

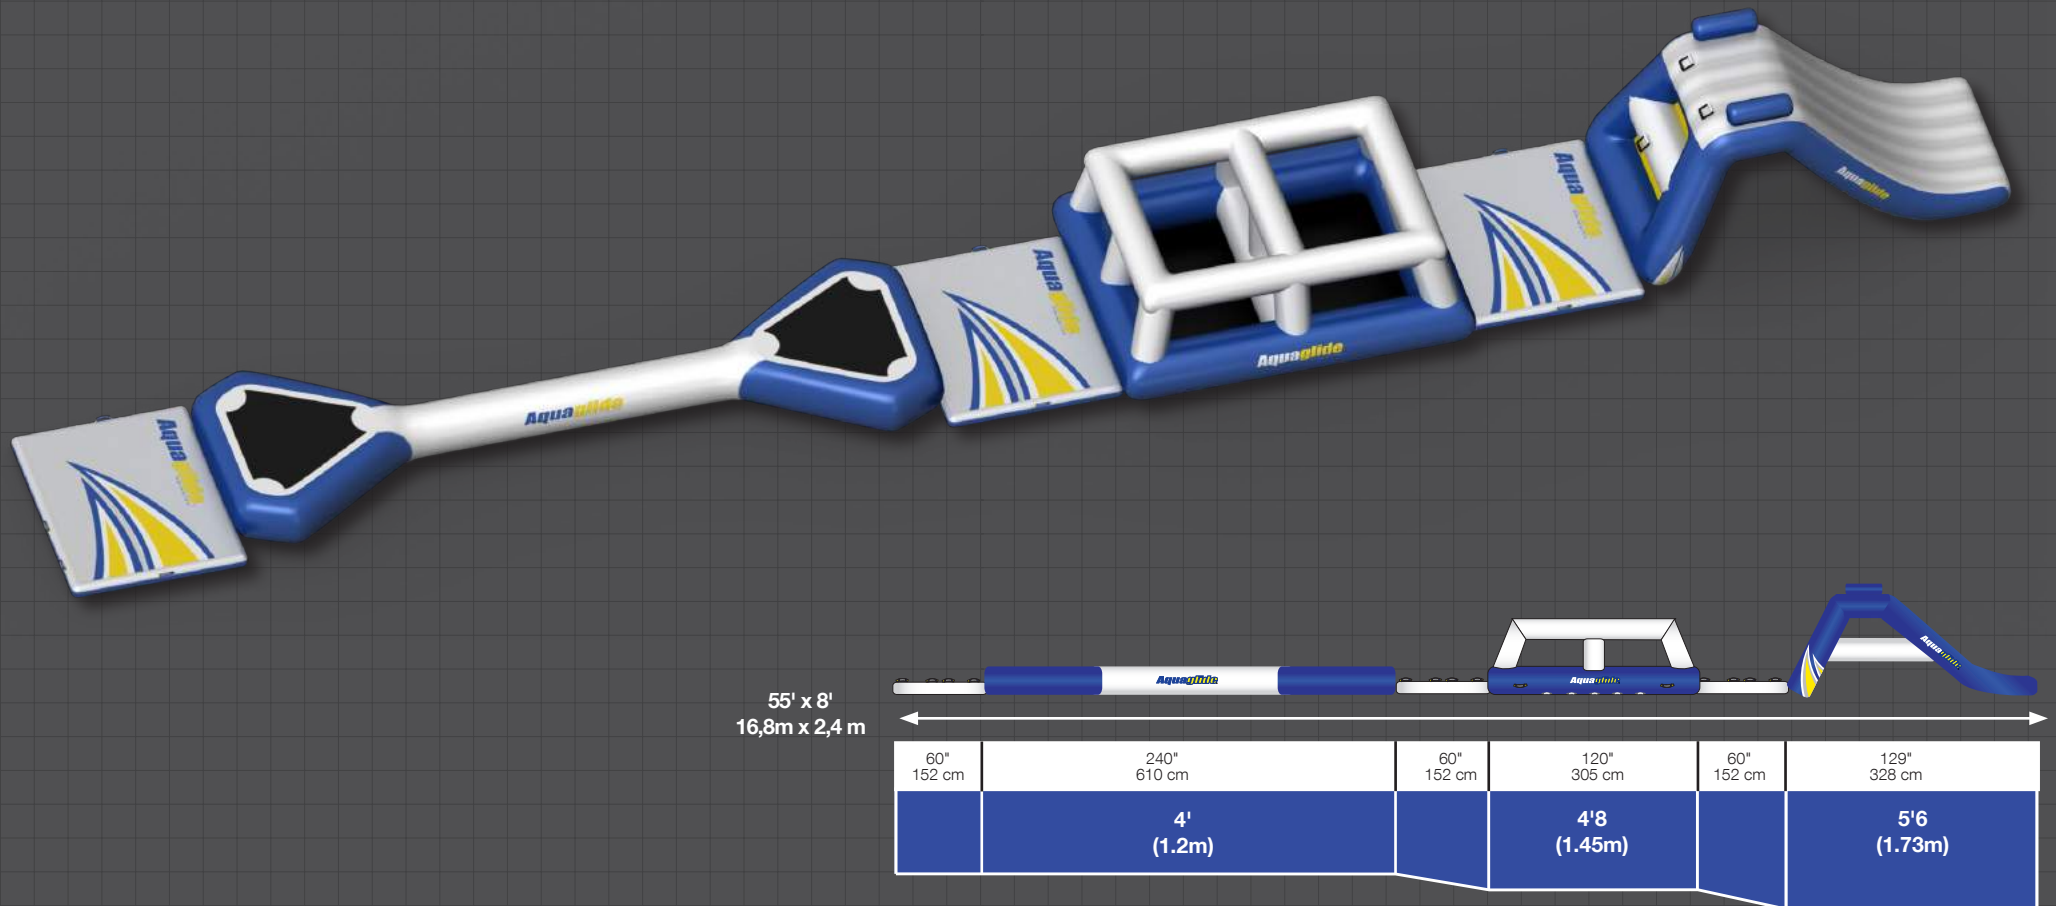

Item: 58-5213210

Featured Items

- Delta (1)
- Sierra (1)
- Tango (1)
- Zulu (1)
- Swimstep XL (4)

CHALLENGE TRACK 3

Featuring our popular balance beam, this track allows for limitless entertainment.

Item: 58-5213220

Featured Items

- Foxtrot (1)
- Sierra (1)
- Swimstep XL (3)
- Zulu (1)

COMMERCIAL COLLECTION

KAOS

A gigantic bouncing dome that is both challenging and fun for all ages.

Our new signature piece, the Kaos features a unique inflatable dome that allows people to climb, bounce, slide, splash, or lounge. Makes for a great alternative to a conventional trampoline. It can be used as a standalone item, or can be connected to any Aquapark using the 5 D-Ring Interloc system on all 8 sides combined with our secure Vario-Lock cinch strap system.

KAOS™

Specs	L 25' x W 25' x H 3'8"
	L 7,6m x W 7,6m x H 1,2m
Capacity	8
Item	58-5217661
Box dims	L 45" x W 30" x H 20", 320 lbs. 1pc.
	L 115cm x W 75cm x H 50cm, 145 kg

CATAPULT

Finally, a swing that launches you into a new dimension of waterplay for hours of high flying fun.

New for 2017, the Catapult provides an exciting new way for users to swing or launch themselves over the water. Features an integrated swim platform and lounging area on the inside that is easy to board from the water and allows it to be used as a standalone unit. The HP inflatable seat design is comfortable and prevents any unnecessary bumps and bruises. Molded climbing steps on the inside and outside make it easy to climb on to the swing position. It can be used as a standalone item, or can be connected to any Aquapark using the 5 D-Ring Interloc system on all 3 sides combined with our secure Vario-Lock cinch strap system.

CATAPULT™

Specs	L 16' x W 13' x H 15'
	L 4,8m x W 4m x H 4,6m
Capacity	3
Item	58-5216637
Box dims	L 41" x W 31" x H 23", 200 lbs. 1pc.
	L 103cm x W 78cm x H 59cm, 91 kg

VERTIGO

This superdome is an amazing climbing structure that offers total versatility.

Also new for 2017, the Vertigo can be used as a climbing mountain, an 8 sided slide, 9 position mesh crows nest and a splash zone floor.

The Vertigo features 32 climbing handles and 10 mesh panels. It can be used as a standalone item, or can be connected to any Aquapark using the 5 D-Ring Interloc system on all 8 sides combined with our secure Vario-Lock cinch strap system.

VERTIGO™

Specs	L 15' x W 15' x H 7.5'
	L 4,5m x W 4,5m x H 2,3m
Capacity	10
Item	58-5217660
Box dims	L 44" x W 28" x H 19", 216 lbs, 1pc.
	L 110cm x W 70cm x H 48cm, 98 kg

JUNGLE JOE

An incredible, towering climbing structure with a slide.

The pyramidal walls provide a safe, yet formidable climbing challenge for users of all ages while the interior mesh floors create splash zones and multi-level terraces for your exploration. It can be used as a standalone item, or can be connected to any Aquapark using the 5 D-Ring Interloc system on all 3 sides combined with our secure Vario-Lock cinch strap system.

JUNGLE JOE™

Specs	L 21.6' x W 15' x H 12'
	L 7m x W 4,6m x H 4m
Capacity	10
Item	58-5212009
Box dims	L 52" x W 43" x H 34", 415 lbs. 1pc.
	L 132cm x W 109cm x H 86cm, 188 kg

JUNGLE JIM

A multi-use play station that provides versatility.

The Jungle Jim is a stable pyramid that features climbing, sliding, jumping, splashing and more. The climbing walls angle inward for convenience and stability while the mesh floor and climbing area creates interior splash zones. It can be used as a standalone item, or can be connected to any Aquapark using the 5 D-Ring Interloc system on all 4 sides combined with our secure Vario-Lock cinch strap system.

JUNGLE JIM™

Specs	L 9.4' x W 9' x H 6.75'
	L 3m x W 2,7m x H 2,1m
Capacity	5
Item	58-5211107
Box dims	L 34" x W 30" x H 18", 123 lbs. 1 pc.
	L 86cm x W 76cm x H 46cm, 56 kg

KING OF THE MOUNTAIN

The king of all mountains.

Designed with a slide and multiple climbing holds, users can experience the thrill of going up almost 7 feet and finishing it off by jumping or sliding down the attached custom slide. It can be used as a standalone item, or can be connected to any Aquapark using the 5 D-Ring Interloc system on all 3 sides combined with our secure Vario-Lock cinch strap system.

KING OF THE MOUNTAIN™

Specs L 14' x W 9' x H 6.6'
 L 4m x W 2,7m x H 2m

Capacity 4

Item 58-5216635

Box dims L 51" x W 30" x H 20", 197 lbs. 1 pc.
 L 130cm x W 76cm x H 50cm, 89,5 kg

FREEFALL SUPREME

Features a climbing ladder, a zero-entry slide, and a generous, multi-level interior play-space.

The mesh safety guard provides ample shade while still allowing good visibility for lifeguards. The interior space includes a large splash zone plus a cozy loft space for playing and resting. Loft ladders create an ideal launching area. It can be used as a standalone item, or can be connected to any Aquapark using the 5 D-Ring Interloc system on all 3 sides combined with our secure Vario-Lock cinch strap system.

FREEFALL SUPREME™

Specs	L 25.6' x W 12' x H 16.6'
	L 8m x W 3,8m x H 5,1m

SUMMIT EXPRESS

One of our most popular pieces creates a visual spectacle.

Features a climbing wall, zero-entry slide, and a sizeable cave for bouncing, climbing, swinging, playing, or even (gasp) resting. It can be used as a standalone item, or can be connected to any Aquapark using the 5 D-Ring Interloc system on all 3 sides combined with our secure Vario-Lock cinch strap system.

SUMMIT EXPRESS™

Specs	L 30' x W 9' x H 16'
	L 9m x W 2,7m x H 5m
Capacity	12
Item	58-5209210
Box dims	L 52" x W 43" x H 39", 661 lbs. 1pc.
	L 131cm x W 109cm x H 99cm, 300 kg

ESCALADE SUMMIT

Our climbing walls represent a leap forward in design.

Standing at well over 16ft (5m) tall, this climbing wall presents an adrenaline rush that is not for the faint-of-heart. The reinforced handles and oversized footsteps lead from water level to the summit of this massive climbing wall while integrated guard-buoys help protect the landing zone. This commanding piece connects exclusively to an Aquaglide Summit.

ESCALADE SUMMIT™

Specs	L 7' x W 5' x H 16'
	L 2,1m x W 1,5m x H 5m
Capacity	1
Item	58-5215113
Box dims	L 34" x W 30" x H 16" – 132 lbs. 1pc.
	L 87cm x W 76cm x H 41cm – 60 kg

FREEFALL EXTREME

Designed to pack excitement into an easily manageable package.

It features a 10ft (3m) tall ladder-style climbing wall, breathtaking zero-entry slide, and a large enclosed splash zone for playing or relaxing. This Freefall slide offers an impressive drop with easier setup and takedown than larger items like Freefall Supreme or Summit. It can be used as a standalone item, or can be connected to any Aquapark using the 5 D-Ring Interloc system on all 3 sides combined with our secure Vario-Lock cinch strap system.

FREEFALL EXTREME™

Capacity	3
Item	58-5211106
Box dims	L 36" x W 17" x H 22", 113 lbs. 1 pc. L 91cm x W 43cm x H 56cm, 51 kg

CYCLONE

The ultimate energy burner.

Our unique mesh design allows the wheel to act as a super soaker by helping to cool you off as the wheel rotates. The Cyclone's inner tubes help with rotation while the free floating feature allows for ultimate spinning and the inner straps help to keep the wheel from blowing away. It can be used as a standalone item, or can be connected to any Aquapark using the 5 D-Ring Interloc system on all 4 sides combined with our secure Vario-Lock cinch strap system.

CYCLONE™

Specs	Enclosure: L 16' x W 20' x H 2'

SUPERVOLLEY 30

Play a game of volleyball like never before.

Designed for multiple bouncers and volleyball play on the water, this piece is a floating court with a serious sporting attitude. The regulation volleyball is tethered with 4mm bungee so the pace is fast and fun and is perfect for users who are up for a friendly game of volleyball. There are also 2 convenient PVC pockets for storing all of your sporting gear. It can be used as a standalone item, or can be connected to any Aquapark using the 5 D-Ring Interloc system on 2 sides combined with our secure Vario-Lock cinch strap system.

REBOUND SERIES

An incredible alternative to a trampoline.

Made of RF welded Duratex™ and #316 stainless steel welded ring plates, the Rebound's 8-sided design offers excellent bounce but is easier to set up and maintain than trampolines with metal frames and springs. This product comes complete with a Swimstep access platform and heavy duty molded boarding and transport handles. The Rebound bouncer also has an Aquapark option which includes our i-Log and a Rebound Slide.

ESCALADE 2M | 3M

Add new functionality and additional thrills to any SuperTramp.

Climbing routes, both from the water and from the trampoline, are supported with reinforced handles and oversized footsteps. Connect a Blast II launch bag at the base for jaw-dropping thrills boosted by Escalade elevation. This inspiring product makes the perfect complement to Aquaglide SuperTramp. The Escalade series is available in a challenging 6ft wall Escalade 2M and a towering 8ft wall Escalade 3M. Both options connect to our SuperTramps via the easy to use Vario-Lock cinch strap system.

Box dims	L 121" x W 17" x H 14" 11 lbs. 1pc.
	L 53cm x W 43cm x H 35,5cm, 5 kg

The 10-foot long i-Log adds an irresistible balance feature to any Aquapark so that participants can walk the plank, or try to make it out and back! The i-Log™ attaches to the log-specific rings by our easy to use strap system.

INVERSIBLE

A giant lounge and play station that can be used as a soaker or a platform.

In soaker mode, the interior mesh floor provides an open splash zone for active play or for cool, quiet lounging. When inverted, the mesh floor provides an airy platform for rest or active play. It can be used as a standalone item, or can be connected to any Aquapark using the 5 D-Ring Interloc system on 4 sides combined with our secure Vario-Lock cinch strap system.

INVERSIBLE™

Specs	L 13' x W 12' x H 1.8'
	L 4m x W 3,7m x H 0,6m
Capacity	8
Item	58-5212000
Box dims	L 22 .75" x W 12.75" x H 30" 69 lbs. 1pc.
	L 58cm x W 32cm x H 76cm, 31 kg

FIESTA

A versatile soaker lounge for all.

For the purist, it's a serene, relaxing getaway and for parents, the Fiesta offers a contained perimeter for younger kids to safely splash and play. Older kids are likely to turn the Fiesta into a more active playstation. It can be used as a standalone item, or can be connected to any Aquapark using the 5 D-Ring Interloc system on 2 sides combined with our secure Vario-Lock cinch strap system. Includes 4 drink holders on the inside and a mesh floor.

FIESTA™

Capacity	6
Item	58-5211105
Box dims	L 16.5" x W 9.25" x H 28" 33 lbs. 1pc.
	L 42cm x W 23.5cm x H 71cm, 15 kg

SUNDECK

Makes the perfect island for swimming, playing or lounging.

In a resort setting floating platforms can easily double beach revenues when added to an existing chair/umbrella program. By incorporating platforms into an Aquapark design to increase parental participation, parents are given a place to rest and families can also congregate during Aquapark use. The durable construction allows it to be anchored all season long if necessary. Includes 8 D-rings on the top for attaching accessories such as the softpack, or a way to attach other watercraft such as waverunners or SUP boards.

The Sundek Softpack is a must have accessory for anyone serious about lounging. The Softpack connects to the Sundek through our D-ring Interloc system using a simple strap.

SUNDECK™

Specs	L 7.5'x W 7.5' x H 0.3'

Item	58-5315100
Box dims	L 24" x W 12" x H 8" 8 lbs. 1pc.
	L 60cm x W 30cm x H 20cm, 4 kg

UNIVERSAL™

A game changing connection that offers octagon of fun possibilities.

New for 2017, we are excited to introduce a connection system that allows for unlimited park designs and evolutions. This octagon shaped platform allows our Runway and Swimstep connections to connect to all 8 sides at once offering multiple angles and unlimited possibilities for Aquapark design. The Universal can be used as a hub, a corner or anything in between. Park layouts can be changed easily and quickly and it allows your Aquapark to evolve over time, so adding new exciting components are easy. It can be connected to any Aquapark using the 5 D-Ring Interloc system on all 8 sides combined with our secure Vario-Lock cinch strap system.

UNIVERSAL™

SWIMSTEP SERIES

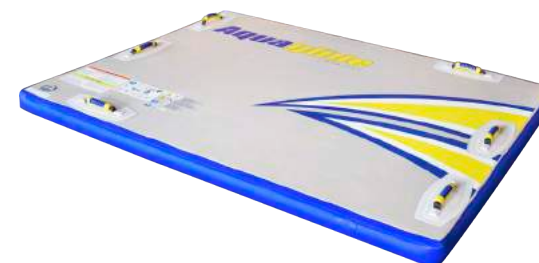

An improvement over traditional boarding ladders which are notoriously awkward to use.

Swimstep XL is an ergonomic platform that provides easy access from the water due to its low-profile design. It is built exclusively with advanced Hardbottom (HB) material for exceptional long-lasting durability. It can be connected to any Aquapark using the 5 D-Ring Interloc system on 2 sides combined with our secure Vario-Lock cinch strap system.

Dropstitch Technology
Built with 31 oz 1000 denier

	L 58cm x W 42cm x H 16cm, 14 kg

RUNWAY SERIES

One of the most important structural items for linking an Aquapark together.

The flat, slippery surface seems to invite guests to invent new ways to play. Walk, run, slip, slide, leap-frog or cartwheel down the stable Runway platform. Runways are built exclusively with technologically advanced HB material for exceptional long-term durability in the face of extreme stresses. This material has many advantages including ultra-low-profile boarding for extra convenience. It can be used as a standalone item, or can be connected to any Aquapark using the 5 D-Ring Interloc system on 2 sides combined with our secure Vario-Lock cinch strap system.

Item	58-5209214
Box dims	L 23" x W 17" x H 13", 79 lbs.
	L 58cm x W 43cm X H 33cm, 36 kg

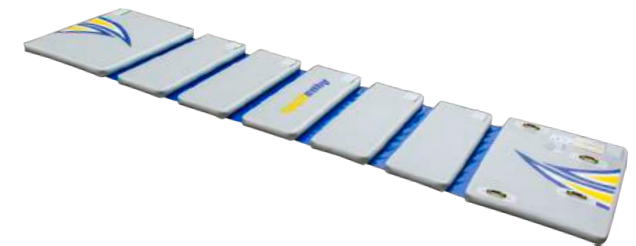

WALK ON WATER

Balance and water walking skills combine to challenge all who step on.

The Walk on Water's 6 connected platforms are an exciting alternative to the Runway 20' or can be used on its own. Turn a regular Aquapark connecting platform into a challenging race track for participants. It can be used as a standalone item, or can be connected to any Aquapark using the 5 D-Ring Interloc system on 2 sides combined with our secure Vario-Lock cinch strap system.

WALK ON WATER™

Item	58-5216632
Box dims	L 29.5" x W 20" x H 16", 81 lbs.
	L 75cm x W 50cm x H 40cm 37 kg

SPLASHMAT

A flexible and slippery water-float or attachment.

Inspiring continuous, creative free-play, the Splashmat uses technologically advanced Hardbottom (HB) material that is incredibly durable, yet extremely low profile which allows for easy boarding and maximum splash-factor. It can be used as a standalone item, or can be connected to any Aquapark using the 5 D-Ring Interloc system on 2 sides combined with our secure Vario-Lock cinch strap system.

SPLASHMAT™

Specs	L 18' x W 5' x H 0.25'
	L 5,5m x W 1,5m x H 0,1m
Capacity	6
Item	58-5211108

	L 63,5cm x W 33cm x H 30,5cm, 22 kg

LANDING PAD

The ultimate multi-purpose pad makes for a great lounge or basecamp to launch all your adventures from.

Made from our extremely durable Hard-Bottom material, this Landing Pad is built to last. It can also attach to our Docking Station and Ocean Pool products to help create the ultimate floating island. It can be used as a standalone item, or can be connected to any Aquapark using the 5 D-Ring Interloc system on all 4 sides combined with our secure Vario-Lock cinch strap system.

LANDING PAD™

Item	58-5216630
Box dims	L 26" x W 20" x H 16.5", 22 lbs.
	L 66cm x W 50cm x H 42cm 10 kg

EVENT TENT

Makes a great addition to any Aquapark.

The Event Tent provides ample shade, and lounging space for either lifeguards, staff or Aquapark participants. It has multiple stainless D-rings to anchor in high winds, or attach to the landing pad for a floating shaded oasis.

OCEAN POOL & DOCKING STATION

A portable floating pool with an 8' (2,4 m) deep mesh enclosure designed to keep out even the smallest Jellyfish and unwanted sea life.

With space to lounge on the deck and swim in peace, the Ocean Pool quickly becomes the focal point of any yacht. Add Aquaglide accessories to the outside edges of the pool using Vario-Lock cinch strap attachment system. It can be anchored on its own, or used off the back of a yacht.

OCEAN POOL™

Specs	Ocean Pool 4m: L 13' x W 13' x H 8'
	L 4m x W 4m x H 2,4m
Capacity	Ocean Pool 5m: L 16' x W 20' x H 8'
	L 5m x W 6m x H 2,4m
Item	Ocean Pool 4m: 8 users
	Ocean Pool 5m: Capacity: 10 users
Box dims	Ocean Pool 4m: 58 -5215001

Ocean pool, docking station and landing pad

CUSTOM YACHT PRODUCTS

Infinite Possibilities.

As an Aquapark supplier to some of the most prestigious resorts in the world, we are uniquely qualified to build custom slides for the world's most prestigious yachts. Each slide is custom designed and specifically tailored to meet the needs of the most discerning yacht owners.

Our custom design department works to provide design options that are unparalleled in the industry. We are seeing a growing demand for more versatile products that live on the stern of the boat. We can design and deliver any custom product to any part of the world.

FREEFALL™ YACHT SLIDE

Specs	Range 4.0 - 7.0m+ in height
Capacity	1
Item	58-5211111

ESCALADE 5M YACHT WALL

A climbing wall specifically designed for your yacht.

Towering at an impressive 5,0m (over 16 ft.) in height, the Escalade has 3 different routes that allow for challenging access and serves as an excellent workout for beginners, intermediates and experts using a clear labeling system: green = EASY, yellow = MEDIUM, red = DIFFICULT. The underwater ladder provides a suitable start while the unique handle design offers optimal grip for the ascent. When turned over the Escalade 5m also doubles as an impressive swim platform.

ESCALADE™ 5M

Specs	L 2' x W 10' x H 16'
	L 0,6m x W 3m x H 5m
Capacity	1
Item	58-5215115
Box dims	L 46" x W 42" x H 36", 287 lbs. 1pc.
	L 117cm x W 107cm x H 91cm, 130 kg

BRAVO

A unique 8 sided commercial towable that doubles as a lounge.

Expect huge smiles and repeat customers with this exhilarating ride. The width of the Bravo provides superior stability and performance without the problems of traditional Banana Boats. When not in towing mode, the Bravo doubles as a lounge that can be anchored all season long. Includes reinforced handles and heavy duty towing bridle. Optional Swimstep Commercial platform allows convenient boarding from the water. It can be used as a standalone item, or can be connected to any Aquapark using the 5 D-Ring Interloc system on 1 side combined with our secure Vario-Lock cinch strap system.

BRAVO™

Specs	L 11' x W 11' x H 2.3'
	L 3,4m x W 3,4m x H 0,7m
Capacity	8
Item	58-5210005
Box dims	L 30" x W 22" x H 18", 88 lbs. 1pc.
	L 76cm x W 56cm x H 45,7cm, 40 kg

METRO SERIES

A rocket ship for the water.

Metro is the most stable banana-style towable available in the market today. Built with commercial-grade Duratex™ and heavily reinforced at all handles and tow-points, the Metro is designed to provide many years of trouble-free service. It is available in 6, 5, and 3-person versions, with the 2 larger sizes offering double-wide stabilizer tubes for unsurpassed stability and performance.

METRO™ 6

Specs	L 14' x W 4' x H 2.3'
	L 4,3m x W 1,2m x H 0,7m
Capacity	6 people – 1200 lbs. (544 kg)
Item	58-5214009
Box dims	L 30" x W 22" x H 14", 83 lbs. 1pc.
	L 76cm x W 56cm x H 36cm, 38 kg

METRO™ 5

Specs	L 13' x W 4' x H 2.3'
	L 4m x W 1,2m x H 0,7m
Capacity	5 people – 1000 lbs. (454 kg)
Item	58-5214017
Box dims	L 30" x W 22" x H 13", 66 lbs. 1pc.
	L 76cm x W 56cm x H 33cm, 30 kg

METRO™ 3

Specs	L 10' x W 3' x H 2'
	L 3m x W 1m x H 0,6m
Capacity	3 people – 600 lbs. (272 kg)
Item	58-5214016
Box dims	L 30" x W 22" x H 8", 37 lbs. 1pc.
	L 76 cm x W 56 cm x H 20 cm, 16 kg

MOORING

We offer a complete line of anchoring and mooring systems and recommend using a professional for installation of any anchored product.

ANCHOR CONNECTOR LINE KIT

Heavy duty anchor line set for mooring.

Specs: L 6' (183cm) Galv chain, L 6' (183cm) PE Bungee, L 20' 1/2" (6m, 1,3cm) Nylon, Asstd. 3000 lbs. (1363,6 kg) load.

Item: 58-5209355

3-METER HORIZONTAL MOORING LINE

Pair of 3-meter (9.8') long heavy duty elastic mooring lines for mooring to pool edge.

Specs: 3m L PE Bungee, Stainless Quick Snap, Float. 3000 lbs. (1363,6 kg) load.

Item: 58-5213007

2-METER VERTICAL MOORING LINE

2-meter (6') long heavy duty elastic mooring line for vertical mooring in pool or waterfront.

Specs: 2m L PE Bungee, Stainless Quick Snap, Float.

Item: 58-5213008

2-WAY MOORING BRIDLE

Heavy duty 2-way mooring bridle.

Specs: 14'L (427 cm) PU covered 1/2" (1,3 cm) Nylon, 2 SS lock, 1 SS swivel. 3000 lbs. (1363,6 kg) load.

Item: 58-5209354

ANCHOR BAG SET W/ LINE

Complete, anchor bag and line set for short-term anchoring of aquapark platforms.

Specs: 1000d Nylon bag, 20' 3/8" (610cm, 1cm) Nylon, 2 SS snaps. 750 lbs. (340,9 kg) load.

Item: 58-5209357

4-WAY MOORING BRIDLE

4-way mooring bridle.

Specs: PP rope bridle, 4 SS snaps, 1 SS swivel. 1000 lbs. (454,5 kg) load.

Item: 58-5209356

PUMPS

120V PUMP

Commercial-grade 110/ 120v electric pump w/ dual motors.

Specs: 120vAC power source, inflate/deflate -11.0 psi max
Item: 58-5213101

12V TURBO PUMP

Extremely powerful 12v electric pump for watersports items.

Specs: 12vDC power source, inflate/deflate-2.4 psi max
Item: 58-5205004

110V TURBO PUMP

Extremely powerful 110v electric pump for watersports items.

Specs: 110vAC power source, inflate/deflate-2.8 psi max
Item: 58-5205003

12V TURBO HP PUMP

Powerful 12v Turbo HP Pump has a two-stage motor for quick inflation and high pressure capability up to 20 psi (1,4 bar).

Specifications: 15A @ 12vDC, 20.0 psi (1,4bar)
max, ~ 10 cfm
Weight: 3 lbs. 5oz (1,50kg)
Item: 58-5214025

SAFETY BUOY

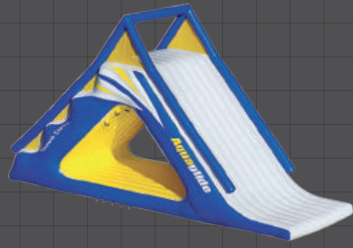

SWIM BUOY SET

Heavy duty anchor line set for mooring. Comes as set of 3 linking buoys.

Specs: L 15' x 9" (457cm x 23cm)Diam., Linking SS ring/ clip, Set of 3.
Item: 58-5210012
