Activity Towers create a burst of excitement at the heart of your play space. Spacious play decks, water slides and interactive features build a world of fun that flows on and beyond your structure. From a bustling community aquatic centre to a five-star resort destination, activity towers fit almost any space and budget, creating endless ways to play.

ACTIVITY TOWERS

TAKE YOUR AQUATIC SPACE TO A WHOLE NEW LEVEL.

COMPATIBLE DESIGN

Compatible with zero-depth, wading pools and sloped entry. The Activity Tower can be installed on multiple types of surfaces and is ADA and ASTM compliant.

BUILT TO LAST

Stainless steel construction, strong decks and durable coatings make the structures a lasting flagship play element in your next aquatic project.

HYDRAULIC OPTIONS

The Activity Tower, with an integrated manifold, allows you to design to the hydraulic requirements of your project - high, low or somewhere in the middle.

SIMPLE INSTALLATION

The playCONNECT™ feature mounting system makes the Activity Tower easy to install, phase, expand, maintain and retrofit.

playCONNECT™

The industry's first modular feature mounting system, playCONNECT™ delivers the perfect solution at each stage of your project. Phase your installation to meet timelines, add, remove or replace features, control flow rates and extend the overall lifetime of your structure .

WATER MANAGEMENT SOLUTIONS

CREATE SUSTAINABLE PLAY SPACES.

Water management is about making the water work for the specific needs of your aquatic play design and the surrounding infrastructure. With options for every project, Waterplay's tools and systems lead the industry in technology and function. Knowing what happens with the water is a big part of your project, work with Waterplay to find the best solution for your space.

THE TOOLS

MANIFOLD

Command the water.

The manifold is the workhorse behind water distribution. Waterplay's high efficiency manifold ensures that water gets to where it needs to be with the flow rate that you require.

CONTROLLER

Distribute the water.

The brains behind the operation—the controller tells the water what it should do and when to do it. Waterplay's smartPLAY™ Controller works in conjunction with the manifold and activator to create the perfect play experience for your project.

ACTIVATOR

Start the fun. Optimize water use and maximize play value with Waterplay's on demand activators. A perfect solution for reducing water consumption while creating a dynamic play experience. Push, spin or turn to start the flow of water!

Waterplay smartACCESS™

THE SYSTEMS

RECIRCULATION

Waterplay's recirculation system functions as a closed water management unit that continually treats and recirculates water to and from your play space. Specially engineered and modular, this system is also convenient for areas with limited space.

FLOW THROUGH

Flow through water management system drains into the local sanitary or storm drain system. The water is then handled according to local municipal water management strategies.

RETAIN & REUSE

Retain & reuse water management systems capture and re-purposes water from the play pad for alternative uses in the community.

PAINT & COLOUR

Designed to withstand the elements, our super durable, lead-free powder coating is built to stand up to extreme climate temperatures, moisture and UV exposure.

360° ROTATIONAL HUB

Easy movement for all ages and abilities, the 360° rotational hub features continuous and smooth movement. Adjustable spray zones ensure that this durable hub meets the needs and requirements of all play pad designs.

CAUSE & EFFECT

Push, spin, plug, turn, aim and jump, Waterplay's product designs encourage waterplayers to collaborate, explore and push the bounds of play to new limits through technologies that encourage interaction and discovery.

ACTIVATION

Optimize water use! Waterplay's on-demand and action activators let waterplayers of all ages and abilities control when the water is turned on. A great way to reduce water consumption while creating a dynamic play experience.

We are committed to manufacturing products with low flow rates and encouraging play space design that takes into consideration sustainable water consumption through activation, sequencing and water management best practices.

playPHASE™

Phase your installation, expand your play space and easily retrofit with playPHASE™, a flush-to-grade anchoring system that eliminates the need for toe guards, creates a clean aesthetic and allows for streamlined installation.

playCONNECT™

The industry's first modular feature mounting system for activity towers, playCONNECT™ was designed to grow with your play space, delivering the perfect solutions at each stage. Keep waterplayers coming back for more with new features and splashes! Add, remove or replace features with playCONNECT™ to extend the lifetime of your structure.

mounting systems

Make a statement in your next design with Waterplay's AquaLume™, an impact resistant and durable polymer that blends colour with water and light for a truly stunning play experience.

AquaLume™

Non-toxic, durable and vandal resistant, our industry-leading materials are carefully selected to ensure a safe play experience that stands the test of time. We CARE about quality as well as the world we leave behind for future generations. Our industry-leading materials take into consideration their post-consumer life cycle and are backed by a comprehensive warranty.
