WATERPLAY®

CONNECTING THE WORLD THROUGH **PLAY.**

The joy of play brings people and neighbourhoods together and makes the planet more livable and socially just. Be a part of the movement toward a healthier, happier, global community by unleashing the exhilarating potential of aquatic play for developing minds, thrill seekers, budding explorers and the young at heart.

EXPERIENCE THE DIFFERENCE

Your project deserves the best. With over 30 years of experience, Waterplay has helped shape thousands of aquatic play spaces around the world. Our design theory is strict, our quality is unmatched and our products create treasured play spaces that stand the test of time.

SUPERIOR QUALITY

Waterplay strives to deliver the highest standards in the industry through the products that we offer, the people we employ, the in-house procedures we put in place and the partners and suppliers we work with.

EXPERT MAKR TEAMS

Our Waterplayers will guide you through the design process and beyond. Our team of experts is comprised of research and design specialists, engineers, in-house manufacturing and logistics, sales and marketing support, on-site service and training, as well as project support specialists.

CARE VALUES

A belief that every task we undertake deserves the utmost Commitment, is approached with the Attitude that anything is possible, is fueled by teamwork based on mutual Respect and promotes an environment of Equality and collaboration.

ACCOUNTABILITY

As a community-minded company, we know safety is paramount when it comes to the people we love. At Waterplay, we value the confidence you place in us and stand behind all of our products, from concept to completion and beyond.

**OUR PURPOSE IS TO
CREATE A GLOBAL
COMMUNITY CONNECTED
THROUGH PLAY AND
SOCIAL EXPERIENCES.**

PROVEN DESIGN PHILOSOPHY

Celebrated play spaces have something in common: exceptional products. From their unique functions, materials and technologies to the social experiences they nurture, Waterplay's products bring leading design philosophies to your project.

EXPERIENCE

Our non-toxic materials and coatings ensure safety for waterplayers and the environment. We are committed to designing products with low flow rates and optimized water use through activation, sequencing and water management best practices.

INCLUSION

Our products are designed for maximum participation. Using universal design principles, ADA and ASTM safety standards, our products create rewarding play experiences for all ages and abilities.

SUSTAINABILITY

The true value of play comes from the experiences we have. When play is fun, fresh and exciting for a child, learning flows naturally. Waterplay products focus on collaboration, physical movement, scientific inquiry, make believe and challenging play, supporting the unique development stages of every waterplayer.

PLAY SHOULD BE FREE!

Developing minds and bodies need freedom to test their abilities. Based on the philosophies of unstructured, free play we recommend creating spaces that aren't limited by age or physical ability, but instead thoughtfully created to allow waterplayers to choose their own adventures and distinguish their own boundaries.

Waterplay's three action zones were defined to inspire, embolden and energize waterplayers around the world through environments that foster specific styles of play.

ADVENTURE ZONE

BIG SPLASHES AND NON-STOP ACTIVITY! THE ADVENTURE ZONE IS FULL OF ENERGY AND EXCITEMENT!

Big water effects and continuous action energize the senses and creates excitement

Fast pace encourages quick-thinking and promotes physical movement

Centrally placed and ready for action

EXPLORATION ZONE

SPRAY, DUMP, SPLASH, TEAM UP AND TAKE ON CHALLENGES – THIS UNIVERSAL SPACE INVITES COLLECTIVE FUN!

Play elements and water effects that spark inquiry and encourage physical movement

Multiple opportunities for collaboration and interactive play

Provides a stepping stone between the discovery and adventure areas for a seamless play experience

DEVELOPMENT & DISCOVERY ZONE

A SPACE FOR THOUGHTFUL AND CONTEMPLATIVE PLAY THAT MOVES AT A MINDFUL PACE.

Gentle water effects for reduced stimulation

Cognitive play opportunities facilitate deep learning and flexible thinking for individual and group play

Situated along the outside perimeter and away from the adventure zone for a relaxed play experience

DESIGNING PLAY

FOR OPPORTUNITIES & POSSIBILITIES

PLAYPHASE™

DESIGN FOR THE FUTURE WITH A SLEEK, FLUSH-TO-GRADE ANCHORING SYSTEM.

Don't limit the possibilities of your next aquatic play project. Phase your installation, switch out spray features or plan for future expansions with **playPHASE™**, a flush-to-grade anchoring system exclusive to Waterplay® Solutions.

- ✓ Prepare your project site before the spray features arrive.
- ✓ Compatible with any Waterplay aquatic feature.
- ✓ Flush-to-grade design safely conceals hardware.
- ✓ Works with low, medium and high flow rates.
- ✓ Sleek and seamless for a flawless play space.

Do you have playPHASE™ bases already installed? Contact our sales team for an evaluation and recommendation for your next Waterplay feature!

WATERFALL 3

- ✓ No toe guards or dome covers required.
- ✓ Simplified installation for a perfect concrete pour every time.

FIND FLEXIBILITY WITH PLAYPHASE

playPHASE™ makes owning a splash pad EASIER! Easier to install, easier to maintain and easier to remove and replace features in future refurbishments.

PLAYPHASE FOOT ACTIVATOR

Hands-free activation perfect for small spaces.

PLAYPHASE BASE CAP

Flush-to-grade playPHASE cap when play features are removed.

NEW PRODUCT!

PLAYPHASE GRAPHIC PLATE

Waterplay has numerous graphic collection options available. Contact our sales team for more details.

PLAYPHASE GROUND & GEYSER SPRAYS

The playPHASE™ Ground & Geyser spray options add playful water action to any space while providing the opportunity to change or phase your sprays throughout its life cycle.

PLAYPHASE GEYSER SPRAYS

Low, medium and high flow geyser sprays.

PLAYPHASE GROUND SPRAY

Interchangeable ground spray. Compatible with 16 different spray nozzles!

COLOUR

STORIES COME TO LIFE
THROUGH COLOUR.

VANILLA BEIGE YELLOW

MELON ORANGE RED

MAROON PLUM PURPLE

ROYAL BLUE BLUE TURQUOISE

OCEAN SAGE FERN

FOREST GREY BROWN

GRAPHITE WHITE BLACK

Deep blues and gentle greens, sharp reds and muted creams, each of these colours can align with your surrounding landscape, facility, adventure or moment in history to help narrate your space design.

Choose from a variety of brilliant Waterplay colour options unique to your project, or choose from one of our carefully crafted pre-set collections.

Designed to withstand the elements, our super durable, lead-free powder coating is built to withstand extreme climate temperatures, moisture and UV exposure.

WHALE TAIL

Pairing colours can be tricky and choosing combinations that work together effectively is key to the success of your design. By selecting one of Waterplay's harmonized colour collections, you can comfortably reinforce a unified, themed appearance to ensure that your next aquatic play project hits the mark.

ADVENTURE

AGES 4+

Give them an unforgettable adventure packed with sky-high thrills, big splashes and unmatched play value.

Perfect for larger projects and attractions

Multiple pods & elevation changes!

Perimeter splashes & interactive sprays

Open and closed water slides

4', 6' and 8' spacious deck heights

SPACIOUS DECKS

HEX POD
47FT² (4.4M²)

OCTO POD
90FT² (8.3M²)

TORTUGA ADVENTURE

SLIDES	3

“OUR GUESTS LOVE THE NEW FEATURES AND WE ARE EXCITED TO HAVE UPDATED OUR POOL WITH SUCH A FUN, CREATIVE STRUCTURE.”

LAURI DANNEMILLER
Executive Director
Apex Parks & Recreation District
USA

A stunning facility renovation—the **Apex Recreation Center** in Arvada, Colorado transformed its outdated leisure pool into a multi-level Activity Tower attraction. A **Grasslands** design narrated by lively wildflowers, splashing insects and Tower Soaker re-invigorates the play experience for all ages and energy levels.

WATER MANAGEMENT SOLUTIONS

Water management is about making the water work for the specific needs of your aquatic play design and the surrounding infrastructure.

With options for every project, Waterplay's tools and systems lead the industry in technology and function. Work with Waterplay to find the best solution for your space.

TOOLS

CREATE SUSTAINABLE PLAY SPACES

Knowing what happens with the water is a big part of your project. Work with Waterplay to find the best solution for your space.

POWER POST

PLAYPHASE™
FOOT ACTIVATOR

RINGMASTER

ACTIVATORS

Optimize water use and maximize play value through action-reaction play outcomes and sequencing with Waterplay's on demand activators.

ECO ACTIVATOR

The Eco Activator

is an all-in-one water management solution for small aquatic spaces, it combines manifold and controller technology in one flush-to-grade solution.

*Supports up to 40 GPM (151 LPM)
For more information, please refer to the Water Management brochure

DRAINS

CLASSIC DRAIN

STAINLESS STEEL DRAIN

AVAILABLE COLOURS:
standard waterplay colours

BASIC
CONTROLLER

SMARTPLAY™ CONTROLLER

CONTROLLERS

Waterplay® smartACCESS™

Control multiple play spaces from one screen through the intuitive user interface and collect data for analyzing and reporting. Waterplay's smartACCESS connects you to what's happening at your play space anywhere, anytime.

MANIFOLDS

Available in 6, 9, 12, 15 and 18 valve configurations to adapt to any project size.

KIOSKS & VAULTS

ABOVE GRADE KIOSK

Available in 6, 10, and 18 valve configurations to adapt to any project size.

BELOW GRADE VAULT

Available in 6, 10, and 18 valve configurations to adapt to any project size.

* TANKS AVAILABLE UPON REQUEST

NOTE: Equipment may vary based on the requirements of the design.

www.waterplay.com

RECIRCULATION

Waterplay's recirculation system functions as a closed water management unit that continually recycles treated water to and from the play space.

WATER MANAGEMENT SYSTEMS

TREATMENT SYSTEM 1
75 GPM / 284 LPM

TREATMENT SYSTEM 2
150 GPM / 568 LPM

TREATMENT SYSTEM 3
300 GPM / 1136 LPM

2

CONTROLLER & MANIFOLD
The smartPLAY™ Controller & manifold work together to route the water to the play space based on programmed sequences.

1

ACTIVATOR
Use the activator to trigger the controller.

3

DRAIN
The drain leads the water away from the play space and filters debris.

✓ **UV TREATMENT AVAILABLE**

4

DIVERTER & STRAINER
The diverter & strainer captures debris and redirects rainwater to reduce overall chemical consumption.

5

HOLDING TANK
The holding tank contains water on the way to the water management system where the primary chemical disinfection occurs.

6

WATER MANAGEMENT SYSTEM
The recirculation system maintains water quality using advanced water treatment technologies. Water is continuously recycled to and from the play space using this method.

FLOW THROUGH

Waterplay's flow through water management system drains into the local sanitary or storm drain system. The water is then handled according to local municipal water management strategies.

1 ACTIVATOR
Use the activator to trigger the controller.

 PERCOLATION
Consider a percolation system: water percolates from a below ground containment system and returns to the water table as a part of the natural hydrological cycle.

2 CONTROLLER & MANIFOLD
The smartPLAY™ Controller & manifold work together to route the water to the play space based on programmed sequences.

3 DRAIN
The drain leads the water away from the play space and filters debris.

2

3

4

WATER MANAGEMENT SYSTEM
In a flow through system the water is introduced into the local municipal infrastructure via sanitary or storm drain systems.

6

REPURPOSE
The water is then reused for agriculture, landscape irrigation and/or ground water recharge.

6

2

5

1

3

4

4

5

HOLDING TANK
The holding tank contains water on the way to the water management system.

WATER MANAGEMENT SYSTEM
The retain and reuse system filters and disinfects the water as per local regulations. The water is then pushed to the irrigation system.

RETAIN & REUSE

Retain & reuse water management systems capture and repurpose water from the play pad for alternative uses in the community.

TECHNOLOGIES & MATERIALS

At Waterplay, we **CARE** about quality. Our industry-leading materials are carefully selected to ensure safe play experiences that stand the test of time. Our products are made of stainless steel and use some of the most enduring materials in the industry.

playPHASE™
Phase your project, expand your play space and easily retrofit with playPHASE™, a flush-to-grade anchoring system that eliminates the need for toe guards and allows you to start construction early while we finish manufacturing your features.

playCONNECT™
The industry's first modular feature mounting system for activity towers simplifies the installation and reduces the need for cranes. Phase, expand, add, remove or replace features with playCONNECT™ to extend the lifetime of your structure.

ON DEMAND WATER ACTIVATION
Optimize water use and maximize play value with Waterplay's on demand button activators. A perfect solution for reducing water consumption while creating a dynamic play experience. **Push** to start the flow of water.

ACTION ACTIVATORS™
Bring surrounding play features to life by **spinning** the Ringmaster or **twisting** the Whirler. Waterplay's unique Action Activators™ are the perfect blend of play value and water conservation.

360° ROTATIONAL HUB
Easy movement for all ages and abilities, the 360° rotational hub features continuous and smooth movement for maximum play value.

AQUALUME™
Make a statement in your next design with Waterplay's AquaLume™, an impact resistant and durable polymer that blends colour with water and light for a truly stunning play experience.

smartPLAY™ CONTROLLER
The controller tells the water what it should do and when to do it. Waterplay's smartPLAY™ Controller works in conjunction with the manifold and water activator to create the perfect play experience for your project.

smartACCESS™
Waterplay's smartACCESS connects you to what's happening at your play space anywhere, anytime. Manage water for multiple play spaces from one screen through the intuitive user interface and collect data for analyzing and reporting.

CAUSE & EFFECT NOZZLES
Stimulate curiosity and team play in your play space. Interactive ground sprays erupt with a bigger and bigger spray as waterplayers work together to plug and cover the nozzles.

SCHEDULE 10 & 40, 304L STAINLESS STEEL PIPE (316L AVAILABLE) | best performance in all environments
MIG & TIG WELDS | superior weld strength and finish
SUPER DURABLE POWDER COATING | superior chip and fade resistant.
TOUGH FINISHES | defense against extreme climates, temperatures, moisture and UV exposure.
STAINLESS STEEL HARDWARE | durable and resistant
ACETAL NOZZLES | durable material that eliminates corrosion
WARRANTY | industry leading for structural integrity of stainless steel piping and weldments
